MATTERS AT ISSUE

The Administration is recommending that the City Council adopt a resolution authorizing the Mayor to approve an Interlocal Cooperation Agreement between Salt Lake City and the Salt Lake County AmeriCorps Keeping Utah's Promise Program. The agreement is for the staffing of an AmeriCorps member to work as a coordinator of the YouthCity After School and Summer Program. The coordinator will provide 30-35 hours of staffing support to the program at the Central City Community Center. The City will contribute \$10,000 towards the staffing costs of the AmeriCorps member. The AmeriCorps program will contribute an additional \$7,000 plus benefits to this position. Salary and benefits will be paid through Salt Lake County. The City is not adding additional staff with this program.

The City Council has previously appropriated funds to the YouthCity Program from which \$10,000 in City funds will be expensed.

This idea was advanced previously, but the Council disagreed with the funding source proposed. The recommendation to use the already-appropriated funding addresses the concerns raised previously.

Specific program details are included in the transmittal from the Administration.
