SALT LAKE CITY COUNCIL STAFF REPORT

BUDGET ANALYSIS – FISCAL YEAR 2003-04

DATE: March 18, 2003

SUBJECT: SEWER FUND

STAFF REPORT BY: Gary Mumford

CC: Rocky Fluhart, David Nimkin, LeRoy Hooton, Jeff Niermeyer,

Jim Lewis, Steve Fawcett, Susi Kontgis, DJ Baxter

The operating budget for the Sewer Fund for fiscal year 2003-2004 is proposed to be \$9,599,700, which is an increase of \$368,943 or 4% over fiscal year 2002-2003. The capital budget is proposed to be \$33,793,500, which is a decrease of \$1,336,057.

SEWER FUND PROPOSED BUDGETS				
	Adopted 2002-2003	Proposed 2003-2004	Difference	Percent Change
Revenue & other sources				
Sewer services fees	\$14,824,000	\$15,613,160	\$ 789,160	5.3%
Interest income	800,000	450,000	(350,000)	(43.8%)
Permits	85,000	85,000	1	-
Impact fees	600,000	600,000	-	-
Other	807,000	807,000	-	-
Bond proceeds	25,000,000	25,000,000	-	-
Use of cash reserves	5,078,114	4,577,540	(500,574)	(9.9%)
Total revenue & other sources	\$47,194,114	\$47,132,700	\$ (61,414)	(0.1%)
Expenses				
Salaries, wages & benefits	\$5,502,235	\$5,675,520	\$ 173,285	3.1%
Materials & supplies	1,343,620	1,320,352	(23,268)	(1.7%)
Charges for services	2,384,902	2,603,828	218,926	9.2%
Capital Outlay				
Capital improvement	35,129,557	33,793,500	(1,336,057)	(3.8%)
Vehicles & equipment	1,308,800	959,500	(349,300)	(26.7%)
Debt Services	1,525,000	2,780,000	1,255,000	82.3%
Total Expenses & Capital	\$47,194,114	\$47,132,700	\$ (61,414)	(0.1%)

POTENTIAL MATTERS AT ISSUE

The major matters reflected in the proposed budgets for the Sewer Fund include:

• Sewer rate increase – In June 2000, the City Council adopted a six-year incremental sewer rate increase to coincide with a six-year capital improvement plan. Sewer rates were increased 12½% on January 1, 2001, 9% on July 1, 2001, 9% on July 1, 2002, and 9% on July 1, 2003. Future rate increases already authorized are 9% on July 1, 2004 and 7% July 1, 2005. While the rate ordinance does not bind future Councils, it makes it necessary for the Council to take formal action in order for the planned increase not to be implemented.

- Revenue impact of conservation Although a 9% rate increase is in place for fiscal year 2003-04, sewer fee revenue is projected to increase only about 5% because of water conservation. Sewer charges are based on winter water usage, which is projected to decrease as both residential and businesses strive for conservation of water.
- <u>Capital improvement program</u> The proposed budget includes the continuation of a \$70 million, six year capital improvement program that was approved the City Council in June 2000. The program includes an upgrade to the waste water reclamation plant to handle an increase in organic loading. The capital improvement plan also includes two major sewer trunk lines. A detail listing of the projects is included in the budget book from the Department. In fiscal year 2000-01, the Council adopted a new sewer rate structure for industrial and commercial customers that included a waste strength component. The Council may wish to ask representatives of the Department whether the rate structure has been successful in reducing the waste strength component.
- Bond Issue The budget proposes issuing \$25 million in bonds to upgrade the existing wastewater treatment plant. This bond issue was originally planned for the current fiscal year ending June 2003, but was deferred to fiscal year 2003-04 because design plans where not finalized. The Department is uncertain whether the full \$25 million will need to be issued. Later in fiscal year 2003-04 when the Department prepares a bond briefing document, the Council can have additional discussions before considering authorization of the bonds. The proposed budget for fiscal year 2003-04 includes the use of accumulated reserve funds of \$4,577,540 to help finance the capital improvement program.
- Reduction in full-time-equivalent positions The budget includes a reduction of 1.3 FTE positions totaling about \$61,000.
- <u>General pay increase</u> The budget assumes a 3% general pay increase. The Mayor's proposed salary adjustment, if any, will be included in the Mayor's recommended budget that will be presented to the Council on the first Tuesday in May. Any increases are subject to the Council's consideration.
- <u>Charges for services</u> The proposed budget includes a 9.2% increase in charges for services. The largest component of this is a \$155,000 increase in payment in lieu of taxes to the General Fund. The payment-in-lieu-of-taxes formula is based on prior year net income. Other increases relate to additional cement work, laboratory testing, power & fuel costs, and data processing services.

Capital Improvement Budget

The proposed budget reflects a capital improvement budget of \$33,793,500 for fiscal year 2003-2004. A detail listing of the projects is included in the budget book from the Department (included in your packet).

Proposed Capital Improvement Program			
Treatment plant	\$29,180,000		
Collection lines	4,101,500		
Lift stations	450,000		
Maintenance & repair shops	37,000		
Site improvements	25,000		
Total Capital Improvement Program	\$33,793,500		

Additional Information

BACKGROUND

The Department of Public Utilities has over 48,350 sewer connections. The Sewer Fund maintains 633 miles of sanitary sewer pipe and connection lines. The reclamation plant treats an average of 35,000,000 gallons of sanitary sewer per day. Maintaining the sewer lines and operating the lift stations and reclamation plant is accomplished with 102 employees. Effective January 1, 2001, sewer fees are based on discharge strength as well as volume. Approximately 1,700 of the 48,000 accounts are charged an additional fee because they discharge sewage with strengths greater than domestic or residential sewer flows. This change sets rates so that residential customers or commercial customers with domestic discharges do not subsidize customers with greater than domestic strength discharges. This rate structure encourages businesses to reduce discharge strengths. The average residential sewer bill in fiscal year 2002-2003 was \$102.65 and is estimated to be \$111.89 in fiscal year 2003-2004.

LEGISLATIVE INTENT STATEMENTS

No legislative intent statements are outstanding for the Sewer Fund.

During the briefing on the proposed budget, the Council may wish to identify legislative intents relating to the Department of Management Services.

During the briefing, the Council may wish to identify potential programs or functions to be added to the Council's list for future audits.
