On August 10, 2004, the City Council adopted a resolution declaring the Notice of Intention for the 2004 Sidewalk Replacement Area No. 102112 and Quayle Avenue Reconstruction Area No. 102113. However, publication requirements for setting a protest hearing date as part of the Notice of Intention was not met; therefore, it is necessary that the City Council once again adopt the resolution and reset the protest hearing date.

The date to begin construction has been changed from the fall of 2004 to the spring of 2005, with completion projected by late fall.
