

**Truth in Taxation Hearing for Judgment Levies**  
**Originally planned for August 9, 2005**

The Salt Lake City Council made a formal request to the County Auditor to hold its truth-in-taxation public hearing on August 9. On Friday afternoon, the Council Auditor's office informed council staff that there will be a delay in mailing the valuation notices because two districts have not returned their tax levy forms. This delay precludes taxing entities from holding hearings during the week of August 15-19. The Salt Lake City School District is holding its hearing on August 16, which rules out that Tuesday as an option.

Options – Some options for holding the truth-in-taxation hearing are:

August 18 – Thursday

August 23 – Tuesday

August 25 – Thursday

The County Auditor's Office is requesting that all truth-in-taxation hearings be held by August 25 to give sufficient time for printing and mailing of final tax notices.

Council Members may wish to check their schedules and discuss possible dates for holding a truth-in-taxation public hearing.
