Additional attorney to work 75% on RDA issues – The Mayor's budget proposed an additional civil attorney to be reimbursed 75% from the Redevelopment Agency. One Council Member suggested hiring a part-time attorney for this position. The Council may wish to determine:

- a. Whether it agrees with the proposed additional employee position in the City Attorney's Office to perform RDA work;
- b. Whether it prefers a full-time or part-time attorney. A part-time attorney (3/4 time) would save \$29,600 of general fund monies.
