A. Decisions, Feedback & Information needed by staff

1. A letter was recently signed by Council Chair, with the approval of the Council, to Ms. Audrey M. Hutchinson, National League of Cities, stating that “a majority of the City Council supports the City’s application for technical assistance from the National League of Cities to build city-wide afterschool systems that support expanded learning opportunities.” The Chair letter was submitted as part of the City’s RFP to participate in the technical assistance project: City Leaders Engaged in Afterschool Reform (CLEAR).

The Council letter committed the Council’s participation in the activities outlined in the RFP to include (**indicates required participation from a Council Member):

Phase I (if selected):

Phone consultation with NLC to learn more about the city’s out of school time needs and what the city has done so far to address them.

Read a written analysis from the NLC articulating its perspective on strengths, challenges, and opportunities to successfully develop a citywide system.

**One Council member will travel with Janet Wolf to attend a cross-site meeting at NLC’s expense to Washington DC early in 2006. The goal of this meeting will be for SLC to network with the other cities selected and to develop a clearer understanding of the city’s potential for progress in developing after-school programs.

Provide assistance with developing a local action plan and identifying key goals and priorities.

Phase II (if selected):

Assist in assembling a broad-based team of stakeholders, and participate on the team to further the goals we establish. This will include NLC staff site visits to SLC.

Is the Council interested in appointing a representative at this time or would Council prefer to wait until the City hears back on whether the City has been selected?

Council staff has a copy of the City’s submitted RFP if Council Members are interested in seeing a copy.

2. Attached is a grant application the City has submitted.
