#### SALT LAKE CITY COUNCIL STAFF REPORT

#### BUDGET AMENDMENT #1 - FISCAL YEAR 2005-06

**DATE:** September 2, 2005

**SUBJECT:** Fiscal Year 2005-2006 Budget Amendment #1

**STAFF REPORT BY:** Sylvia Jones and Gary Mumford

**CC:** Cindy Gust-Jenson, Rocky Fluhart, Sam Guevara, Steve Fawcett, Chief

Dinse, Chief Querry, Louis Zunguze, Brent Wilde, Jerry Burton, John Vuyk, Gordon Hoskins, Elwin Heilmann, Luann Clark, Tim Harpst, Krista Dunn, Shannon Ashby, Sherrie Collins, Laurie Donnell, Susi

Kontgis, and Kay Christensen

The briefing and discussion of the first budget amendment for fiscal year 2005-2006 is scheduled for September 6, 2005. The proposed amendment includes several state and federally funded grants relating to public safety, education, victim advocacy and natural resources. It also includes requests for use of fund balance.

On September 13, 2005, the Council is tentatively scheduled to set the date of September 20, 2005 for a public hearing. This would require the City to advertise in advance of setting the date. *Does the Council approve of this action?* 

In December of 2003, the City Council passed a resolution requesting that the Administration provide a revenue forecast at least four times each fiscal year with one revenue forecast report in conjunction with each quarterly budget amendment request. The Administration has prepared a brief response. Please see attachment.

Three items on the proposed budget amendment require the use of fund balance from the General Fund: (1) impact fee waivers of \$115,700, (2) economic development staff position of \$62,569, and (3) encumbrance carryover of \$2,589,658. There is one offsetting increase to fund balance of \$79,693 from additional savings in refinancing the remaining MBA bonds. The encumbrance carryover is a housekeeping matter addressed annually at this time – funds that lapse to fund balance at year-end are re-appropriated from fund balance at the first budget opening. As such, the appropriation of \$2,589,658 should not be considered a new expenditure from fund balance. In June, the City's fund balance for the General Fund was projected to be about 11 percent of general fund revenue at the end of fiscal year 2005. Council staff's understanding is that the City's excellent bond rating could be in jeopardy if the fund balance drops below 10 percent. The Council may wish to ask the Administration about the current status of the fund balance.

In an effort to make the review of the budget openings more expedient, the Administration has attempted to categorize budget opening items as follows where possible:

- A. "New" those items that are new issues that the Council may have discussed but now need budget appropriation to be carried out.
- B. "Grant requiring existing staff resources" -- those grants that will require the City's existing staff to complete a specific project. (Some of these could have policy

- implications, since employees involved with these projects have less time to focus on other projects within the scope of their work.)
- C. "Grant requiring additional staff resources" those grants that provide additional staff positions and require a City match. These generally have policy implications because they may add a new service or create an expectation that the City will fund the position after the grant has expired.
- D. "Housekeeping" -- those items that are strictly accounting actions and do not have policy implications. These include transfers internal to the City.
- E. "Grants requiring No New Staff Resources" those grants that provide funding for costs that are not associated with positions.
- F. "Donation" -- those items that are donations that require Council appropriation to be used, are consistent with previous Council discussions, or do not have policy implications.
- G. Staff has added the new category of "CIP Cost Overrun."

#### **MATTERS AT ISSUE**

### A-1: Impact Fee Waivers Refunded to various Entities (\$115,700 - Fund Balance) ("New Item")

The Community Development Department has received and processed five (5) requests for impact fee exemptions, totaling \$115,700 for 130 housing units. City ordinance grants a one hundred percent exemption for non-rental/rental housing, for which the annualized mortgage/rental payment does not exceed thirty (30) percent of the annual income of a family whose annual income equals eighty (80) percent of the median income for Salt Lake City as determined by HUD. The applicants and the amount of exemptions are as follows:

<u>Community Development Corp. of Utah</u> - \$2,670 (3 units for 921, 941 & 942 Cannon Oaks Homes)

Utah Housing Corp. - \$890 (one unit at 316 Emery Street)

The Housing Authority of Salt Lake - \$42,720 (48 units, Phase 2 Jefferson School Apts.)

Pittsburgh House Lofts Ltd. - \$10,680 (12 units 950 So. 200 West)

<u>Utah Non-Profit Housing Corp.</u> - \$45,390 (51 units for Liberty Wells Apts.)

<u>Utah Housing Corp.</u> - \$13,350 (15 units for the Crown Homes Project)

The Administration recommends that the Council increase the non-departmental budget from Fund Balance to facilitate the necessary impact fee exemption payments. The Council has previously held discussions on whether to continue this exemption for low-income housing impact fees. The Council may wish to discuss whether to continue with the automatic exemption, or whether to discuss this issue further in conjunction with the Housing Policy discussion.

# A-2: Police Department Meth Lab Response Trailer (\$38,210 - Police Department Asset Forfeiture Account) ("New Item")

The Salt Lake City Police Department has requested to use available funds in the Asset Forfeiture Account to purchase a Meth Lab Response Trailer in order to investigate, dismantle, and process meth labs. (The Police Department has vehicles with the ability to tow the trailer.) Currently, the Drug Enforcement Administration (DEA) provides a Meth Lab Response Truck; however, the Police Administration says that when the City borrows the truck, the necessary equipment and correct sizes of protective gear may be missing. They also state that there is substantial downtime while the DEA truck is accessed and transported to the lab location.

The Police Department would use the funds as follows: (These costs are an estimate.)

1 trailer (8 ft x 12 foot, double axle box utility trailer)	\$ 5,250
4 SCBA (self-contained breathing apparatus)	17,360
4 spare air tanks (OHSA requires 1 spare tank for each SCBA)	4,000
30 Nomex suits (fire protective suits)	7,500
1 generator (used to power the trailer)	700
lights and electrical (used during lab dismantling & collecting evidence)	250
bedliner (to make decontamination process easier)	250
inside cabinets (for storage)	300
plywood & metal (to construct work space in the trailer)	200
6 reusable personal toxic gas monitors	2,400
Estimated total: \$38,210	

The Police Administration states that the average time to process meth labs is six hours. Federal requirements for meth labs mandate that four persons are dressed and equipped with Self Contained Breathing Apparatus (SCBA's); two acting as a rescue team if the other officers go down inside the lab. The DEA truck usually has only two operational SCBA's and frequently relies on the Fire Department to act as their rescue team. Taking fire engines and personnel out of service for an average of six hours has been problematic in the past, according to the Police Administration.

Given the serious safety concerns relating to the investigation and processing of meth labs, and the recent growth of meth labs within Salt Lake City limits, the Police Administration suggests that these purchases will greatly assist in the protection and safety of the narcotic squad detectives.

The Administration recommends that the Council approve the use of the asset forfeiture account funds as itemized by the Police Administration.

# A-3: 400 West and North Temple Sidewalk and Pedestrian Improvements in relation to the North Temple viaduct (Establishes budget for contribution and private donation.) (\$13,000 - Contribution and Private Donation) ("New Item")

The Salt Lake Redevelopment Agency Board has approved funding of \$23,000 for the installation of sidewalk and pedestrian improvements on the west side of 400 West underneath the North Temple viaduct. The Utah Department of Transportation has committed \$7,000 towards this project, and Gastronomy has committed \$6,000 in private donations. Agreements are being prepared to facilitate the transfer of funds to the City.

The Administration recommends that the Council appropriate the necessary budgets to accept the funds and facilitate this project.

### A-4: 900 East and 900 South Streetscape Project (\$250,000 - CIP Class "C" Fund Balance and CIP Cost Overrun Fund Balance) ("New Item" / "CIP Cost Overrun")

The City Council was notified earlier this year that bids received for this project were much higher than originally anticipated as a result of cost increases for concrete, fuel, asphalt and steel. Public Services Engineering is requesting an additional \$80,000 from the Class "C" cost overrun account, as well as an additional \$170,000 from the CIP cost overrun account.

In addition to this request for \$250,000 of additional funding, some items have been eliminated from the design, including the public information incentive for the contractor, a reduction in the requirements for public information (engineering staff will act as contacts/point persons for the 9th and 9th businesses), the geotech-style fabric in the roadway, and additional street excavation. The project specifications were changed to modify the pavement structure and the trench backfill.

Additional cuts have been identified in order to further reduce the cost of construction, <u>if</u> <u>necessary</u>. These potential cuts include constructing the intersection using asphalt instead of concrete, reducing the number of street trees, and eliminating the lights in the median. The project will be bid again in November, and construction is scheduled to begin in early spring of 2006.

This request will reduce the current Class "C" cost overrun account by \$80,000 leaving a balance of \$75,838 (after taking into account a request for \$20,000 in Item D-7), and will reduce the current CIP cost overrun account by \$170,000 for a remaining balance of \$219,213 (after taking into account a request for \$80,000 and \$25,000 in Items A-5 and E-2).

The Administration recommends that the Council appropriate the necessary budget increase to facilitate this project. The Council may wish to receive a more detailed update on this project or may wish to wait on additional appropriations until bids are received. The Council may also wish to ask whether increased costs/price fluctuations are being reflected in engineering cost estimates for future projects. This is an example of CIP projects that have come in over budget. The Council may also wish to ask about the cost for re-instating the public information incentive and the public information requirements, since these approaches have been instituted based upon previous experience in business district.

#### A-5: Ottinger Hall Building Renovation (\$80,000 - CIP Cost Overrun Account)

The Ottinger Hall building renovation project was awarded \$100,000 of funds from the Department of Education in 2002 as part of a \$1.2 million YouthCity grant. Last year, the Rotary Club donated an additional \$100,000 towards the renovation. The City received two bids on the project; the low bid was \$284,310.

The contractor has agreed to reduce the current scope by \$2,000; however, additional reductions are not conducive to the use and renovation of the building. Ottinger Hall will be used for YouthCity programs, which allowed the project to qualify for federal funding. The grant availability for funding from the Department of Education ends in May of 2006, which means that the project needs to move forward in order for this federal funding to be utilized.

Public Services is requesting \$80,000 from the CIP cost overrun account. The Administration recommends that the Council appropriate the necessary budget to facilitate the project.

### A-6: Economic Development Staff Position (\$62,569 - fund balance, General Fund) ("New Item")

The Mayor's Office is requesting funding for a full-time position to facilitate construction mitigation and economic development projects from October 2005 through December 2008. This individual would serve as the main point of contact regarding downtown construction and will coordinate a mitigation plan to reduce the impact to area businesses and their

employees, visitors, and retail customers. The new position will develop a public information plan and assist with the small business loan program. The staff person will also reactivate Salt Lake City's foreign trade zone and develop a business retention program.

It is the intent of the Chamber to hire a full-time position to address the business community's concerns regarding downtown construction. The City's new position will coordinate construction communication with the Chamber staff.

The annual salary is proposed to be \$65,000 with \$18,425 for benefits. The cost for nine months of the current fiscal year is \$62,569 to come from fund balance. The Council may wish to ask whether the cost of the position for fiscal year 2006-07 of \$83,425 is also projected to come from fund balance. The Council may also wish to ask whether this function could be accomplished through a contract, rather than through a full-time employee with benefits, and whether the skill set needed for the construction ombudsman component is the same skill set needed for the developing a public information plan, assisting with the small business loan program, reactivating the foreign trade zone and developing a business retention program.

### B-1: U.S. Dept. of Education – YouthCity Programs Continuation Grant (\$302,630 – Grant Special Revenue Fund) ("Grant requiring existing staff resources")

In fiscal year 2003-04, the Public Services Department YouthCity Program was awarded an additional Congressional Appropriation from the U.S. Dept. of Education as a continuation and expansion of the current programs provided by YouthCity. This budget request is for year four of the five-year award.

The amount of \$237,630 will continue funding the salary and benefits of the manager, site coordinators, and hourly part-time teacher positions during the winter of FY05-06. The grant awards \$3,000 for travel, \$2,500 for equipment, \$4,000 for supplies, \$2,500 for other expenses, \$5,000 for operations and maintenance, and \$48,000 for the contractual components that provide various youth programs at YouthCity sites, including Fairmont, Liberty, Central City, Sorenson Multi-Cultural Center and Glendale Middle School.

The City Council has previously adopted a resolution that allows the Mayor to accept this grant and sign any related contracts and awards. The Administration is requesting that the Council appropriate the necessary budget for the continuation of this grant.

No additional FTE's are associated with this grant; grant funding is paying for the benefits and wages of existing employees. The Council may wish to ask representatives of the Administration whether they believe additional grants will be available to fund the positions when the current grant concludes.

### B-2: State of Utah Clean Cities Continuation Grant (\$60,000 - Misc. Grant Fund) ("Grant requiring existing staff resources")

The Mayor's Office has received a continuation of the Clean Cities program grant. The Utah State Department of Natural Resources Energy Office awards this grant to help offset the Clean Cities Coordinator's salary and benefits, as well as other operational expenses associated with the Clean Cities program. The Clean Cities program is organized to promote the use of alternative fuel vehicles and alternative fuels.

The City Council has previously adopted a resolution that allows the Mayor to accept this grant and sign any related contracts and awards. The Administration is requesting that the Council adopt this budget amendment and facilitate this grant.

No additional FTE's are associated with this grant; grant funding is paying for the salary and wages of an existing FTE.

### B-3: Police Dept. Crisis Intervention Team Training (\$20,000 - Misc. Grant Fund) ("Grant requiring existing staff resources")

The Salt Lake City Police Department's Crisis Intervention Team (CIT) has received a continuation grant from Utah State University. This grant supports the Police Officer Crisis Intervention Team certification and training program which provides officers with crisis mediation and intervention skills necessary in dealing with individuals who have serious mental illness or developmental disabilities who are involved in law enforcement issues. These funds will be used to continue the City's program in providing training to police officers statewide. The City charges a fee to participants from outside agencies. Trainings are conducted in collaboration with the SLCPD, Valley Mental Health, Utah State Division of Mental Health, University of Utah Emergency Room, University of Utah Neuropsychiactric Institute, and other related agencies.

The grant requires a \$10,967 match which will be met from the Police Department's budget. This grant fund will allow for the payment of overtime. Overtime will only be used if an officer/coordinator must attend training during his/her off-duty hours. Additionally, the grant will pay for training supplies as well as travel, training and technical services provided by mental health agencies.

The City Council has previously adopted a resolution that authorizes the Mayor to accept this grant and additional grants or agreements that result from the original grant. The Administration is requesting that the Council appropriate the necessary budget to facilitate this grant.

No additional FTE's are associated with this grant.

### B-4: Utah Dept. of Health, Bureau of Emergency Medical Services Continuation Grant (\$4,371 - Misc. Grant Fund) ("Grant requiring existing staff resources")

The Police Department Emergency Communications Unit applied for and received a continuation grant from the Utah Department of Health, Bureau of Emergency Medical Services. The grant covers the cost of new and/or continued certification in continuing medical education for police dispatchers. State law requires the dispatchers to maintain their certification by receiving at least 40 hours of training over a two-year period.

The City Council has previously adopted a resolution that authorizes the Mayor to accept this grant and additional grants or agreements that result from the original grant. The Administration is requesting that the Council appropriate the necessary budget to facilitate this grant.

No additional FTE's are associated with this grant.

# C-1: VOCA – Victim Advocate Program Continuation Grant (\$51,999.48 – Misc. Grant Fund) ("Grant requiring additional staff resources")

The Salt Lake City Police Department Victim Advocate Program has received a continuation of an annual grant from the State of Utah, Office of Crime Victim Reparations. The grant will continue to fund two part time advocate positions as well as one additional part time (.50) position to respond to night and weekend calls for service on behalf of victims of

domestic violence, sexual assault, elder abuse, robbery and stalking. The grant requires an in-kind match of \$13,798 which will be met with the funding of the Victim Advocate Program Coordinator's salary from the Police Department's budget. The Council has considered these positions as temporary positions that expire when grant funding ceases.

The City Council previously adopted a resolution that allows the Mayor to accept this grant and sign any related contracts and awards. The Administration is requesting that the Council appropriate the budget to facilitate this grant. Grant funding will pay the salaries and wages of two existing part-time employees, as well as the wages for one additional part-time employee.

#### D-1: Recapture CIP, CDBG/CIP and CDBG Program Funds (\$927,841) ("Housekeeping")

Each year the City Council "recaptures" remaining appropriations from completed or closed projects. (The Administration has provided a detailed listing in their transmittal.) The following amounts will be available to the Council for future appropriations:

\$ 279,399 CIP Funds

\$ 54,293 CIP/CDBG Fund Projects

\$ 594,147 CDBG Program Projects

#### D-2: Special Revenue Fund Carryovers (\$26,472,366 - Misc. Funds) ("Housekeeping")

On June 30, 2005, unexpended budgeted funds dropped to fund balance in accordance with State law (with the exception of the Capital Improvement Projects Fund). The Administration is requesting that the Council bring forward or "carryover" the balances for the existing special revenue funds as follows: (The Administration provided a detailed listing by project in the transmittal.)

- \$10,933,362 <u>Grant Funds</u> Housing Trust Fund, Revolving Loan Fund, and other grant cost centers with remaining amounts
- \$ 1,181,308 <u>Donation Fund</u> remaining cash balances in several trust funds
- \$ 3,786,107 <u>Community Development Block Grant</u> projects previously approved by the Council
- \$ 9,924,257 Housing Program Funds
- \$ 647,330 <u>Other Special Revenue Funds</u> Neighborhood Matching Grant Program, Weed Abatement Fund, Demolition Fund, Police Evidence Fund, and Police Reward Fund.

## D-3: General Fund Encumbrance Carryover (\$2,589,658 – General Fund) ("Housekeeping")

In order to limit spending to appropriation amounts, the City's accounting system charges purchase orders and contracts to the budget year in which the goods or services are ordered. If the goods or services are not received until the following fiscal year, the Council has routinely carried the appropriations over to the following year so that the same expenditures are not charged once to the prior year budget and once again to the new fiscal year budget. A list of the carryover by department is included in the Administration's Transmittal.

# D-4: Refuse Fund Encumbrance Carryover (\$65,415 - Refuse Fund Balance) ("Housekeeping")

On June 30, 2005, unexpended appropriations lapsed in accordance with State law (with the exception of the Capital Improvement Projects Fund). The Administration is requesting that the Council bring forward, or "carryover" the appropriations for outstanding purchase orders and contracts that were in place prior to June 30<sup>th</sup>. The amendment request will appropriate funds in the Refuse Fund of \$65,415.

### D-5: Impact Fee Revenue Adjustments (\$950,998 – Impact Fee CIP Fund) ("Housekeeping")

New impact fee costs centers were set up last year, and a budget was established for each. This requested amendment adjusts the budget to actual impact fee collected and interest earned on that revenue. For parks impact fees, the budget was estimated too high, so the proposed adjustment decreases the original budget.

The Administration tracks these funds separately by police fire, parks and streets/westside.

Impact Fees Police: \$181,140 (including interest)

Impact Fees Fire: \$107,327 Impact Fees Parks: (\$36,608)

Impact Fees Streets, Westside: \$699,137

#### D-6: 900 East and 900 South SID (\$80,000 - CIP SID Fund) ("Housekeeping")

When the 900 South 900 East SID was created, the Administration anticipated that 30 percent of the property owners would choose to have their park strips landscaped. Now that the project has progressed, over 80 percent of the property owners have requested landscaping. This budget increase would allow the City to accept the property owners' portion of the funds. It would also allow the work to be completed as requested by the property owners in the SID.

### D-7: 700 South/Jordan River Bridge Replacement (\$20,000 - CIP Class "C" Cost Overrun Account) ("Housekeeping" / "CIP Cost overrun")

Due to significant price increases in construction and materials, the Utah Department of Transportation has had to increase the current budget for this project. UDOT has secured additional federal funding. The Administration is requesting \$20,000 which would fulfill the City's 20 percent match of this federally funded bridge replacement project. This request will reduce the current Class "C" cost overrun account, leaving a balance of \$75,838. The project is slated to be bid in September of 2005.

### D-8: 500 West, 200 to 400 South Gateway Bond (\$11,335 - CIP Fund Balance) ("Housekeeping")

The funds for this account were recaptured in March 2005 before Engineering had submitted a final billing for the project. This action reimburses the deficit in the account. The Administration recommends that the Council appropriate funds for the necessary budget adjustment.

# D-9: Municipal Building Authority (MBA) Interest on Bond Funds (\$79,693 - General Fund) ("Housekeeping")

#### (This item relates to MBA Issue #1 on the last page.)

The MBA bonds were refinanced in June with sales tax bonds, making available \$6.4 million in required bond reserve funds. The \$6.4 million was budgeted for CIP projects for fiscal year 2005-06.

Interest for the MBA bonds accrued in the amount of \$79,693. The Administration is requesting that this one-time interest be transferred to the General Fund to increase fund

balance. The Council may wish to discuss whether this amount would more appropriately be transferred to CIP, since MBA bonds relate most directly to that account.

# E-1: Utah Dept of Public Safety, Metropolitan Medical Response System Program (MMRS) Grant (\$227,592 – Special Revenue Grant Fund) ("Grants requiring No New Staff Resources")

The Fire Department receives this grant annually from the Utah Department of Public Safety. Funds were awarded for the expansion and sustainability of the Salt Lake City MMRS Program which is responsible for the coordination of multiple local first responder agencies that manage the medical and public health response to mass-casualty weapons of mass destruction (WMD) terrorist attacks.

The Fire Department will use these funds for the purchase of equipment as well as for training /drill exercises for jurisdictions valley-wide. The grant allows Salt Lake's MMRS Program to offer subgrants to local fire departments (South Salt Lake, Midvale, Murray, Sandy, West Valley, South Jordan, West Jordan and the United Fire Authority) and hospitals (LDS Hospital, St. Marks Hospital, University of Utah Hospital, Salt Lake Regional Hospital) for basic needs associates with MMRS.

The grant will also fund the continuation of a contract agreement with Dr. Steven Joyce as the Salt Lake MMRS Coordinator, who is responsible for providing medical oversight to the emergency preparedness planning, and acts as liaison with Salt Lake area hospitals. In addition, the grant also funds a temporary executive assistant to provide administrative support to the MMRS Coordinator and the MMRS Steering Committee, and to serve as point of contact for existing and new MMRS agencies.

The Council has previously adopted a resolution that authorized the Mayor to accept the grant and sign all additional agreements pertaining to this particular grant. The Administration recommends that the City Council accept the grant and appropriate the necessary budget to facilitate the grant.

### E-2: Redwood Road Sidewalk, Indiana to California Aves (UDOT grant is \$75,000; City match is \$25,000 - CIP Fund) ("Grants requiring No New Staff Resources")

The Engineering Division has applied for and received approval from the Utah Department of Transportation for a \$75,000 grant for the City's Safer Sidewalk program. The project will provide for the installation of sidewalk on the east side of Redwood Road from Indiana Ave. to California Ave., improving access to the Redwood Road bus stops for Westside residents.

An interlocal agreement is being prepared. There is a match required, and the City's portion is \$25,000 (or 25 percent). The Engineering Division recommends that the match amount be met from the CIP fund balance. The Administration is requesting that the Council accept the grant and appropriate the necessary budget to facilitate the grant.

## E-3: U.S. Environmental Protection Agency (E.P.A.) Grant (\$25,000 - Misc. Grant Fund) ("Grants requiring No New Staff Resources")

The Mayor's Office applied for and received a grant from the E.P.A. to assist with costs associated with the SLC Green Environment and Economic (e2) Business Program, in implementing the Pollution Prevention & Environmental Action through Community Education ( $P_2$ EACE) Program.

Partnering with The Arts Organization Institute, the City will offer two-hour courses to educate businesses and individuals regarding environmental, ecologic, economic, and energy conservation strategies. A match of \$1,320 is required by the City, which will be met with a portion of the City's Environmental Advisor's salary from the Mayor's Office budget.

Grant funds will be used for course instruction, class materials, and advertising for the classes. The Administration recommends that the Council pass a resolution authorizing the Mayor to accept and sign the grant, and to accept and sign any additional related grants. It is also recommended that the Council appropriate the budget to facilitate the grant.

# F-1: Liberty Park Tennis Bubble Lighting – DONATION (\$5,000 – Private Donation) ("Donation/CIP Fund")

The Public Services Department has received several requests for an upgrade to the interior lighting at the Liberty Park Tennis Bubble. The tennis bubble manufacturer submitted a cost estimate in the amount of \$7,608 for the purchase and installation of used lighting.

The Friends of Liberty Park Tennis have offered to donate \$5,000 towards the costs. Engineering proposes that the remaining \$2,608 be absorbed within the current CIP budget appropriated for Liberty Park. The Administration recommends that the Council adopt the necessary budget to accept the private donation and facilitate this project.

#### Municipal Building Authority Budget Amendment #1

MBA Issue #1: MBA Interest Income (\$79,693 – Municipal Building Authority) ("Housekeeping")

This item relates to Item D-9.

The MBA bonds were refinanced in June with sales tax bonds, making available \$6.4 million in required bond reserve funds. The \$6.4 million was budgeted for CIP projects for fiscal year 2005-06.

Interest for the MBA bonds accrued in the amount of \$79,693. The Administration is requesting that this one-time interest be transferred to the General Fund to increase fund balance. As noted previously, the Council may wish to consider whether this funding should be transferred to CIP, rather than to the General Fund Balance.

#### **MEMORANDUM**

TO:

ROCKY FLUHART, CHIEF ADMINISTRATIVE OFFICER

FROM:

STEVE FAWCETT, DEPUTY DIRECTOR OF MANAGEMENT

**SERVICES** 

DATE:

8/30/2005

RE:

**AUGUST REVENUE FORECAST** 

In compliance with Council Resolution #59, of 2003, I'm providing an FY2006 revenue update. This update is in conjunction with Budget Amendment #1.

The Finance Division analyzes revenue each month and provides written updates each month beginning with the September analysis. July and August revenue collections are 95% booked into prior year (FY2005) because of accounting rule. As we have looked at the remaining 5% areas of revenue, we can say at this point that our collections appear to be consistent with projections.

As a side note, revenue collections picked up at the end of FY2005, exceeding expectations. We hope this trend continues through the first quarter of this year and into the second quarter.

Projection analysis prepared for the December amendment will be more precise and complete.

ROCKY J. FLUHART
CHIEF ADMINISTRATIVE OFFICER

Dan Mulé, City Treasurer

Shannon Ashby

#### SALT LAKE CITY ORDINANCE

No. \_\_\_\_ of 2005

(Amending Salt Lake City Ordinance No. \_\_\_\_ of 2005 which adopted the Final Budget of Salt Lake City, including the employment staffing document, for Fiscal Year 2005-2006)

AN ORDINANCE AMENDING SALT LAKE CITY ORDINANCE NO. \_\_\_ OF 2005 WHICH APPROVED, RATIFIED AND FINALIZED THE BUDGET OF SALT LAKE CITY, UTAH, INCLUDING THE EMPLOYMENT STAFFING DOCUMENT, FOR THE FISCAL YEAR BEGINNING JULY 1, 2005 AND ENDING JUNE 30, 2006.

#### PREAMBLE

On \_\_\_\_\_\_\_, 2005, the Salt Lake City Council approved, ratified and finalized the budget of Salt Lake City, Utah, including the employment staffing document, for the fiscal year beginning July 1, 2005 and ending June 30, 2006, in accordance with the requirements of Section 118, Chapter 6, Title 10 of the Utah Code Annotated, and said budget, including the employment staffing document, was approved by the Mayor of Salt Lake City, Utah.

The City's Policy and Budget Director, acting as the City's Budget Officer, prepared and filed with the City Recorder proposed amendments to said duly adopted budget, including the amendments to the employment staffing document, copies of which are attached hereto, for consideration by the City Council and inspection by the public.

All conditions precedent to amend said budget, including the employment staffing document, have been accomplished.

Be it ordained by the City Council of Salt Lake City, Utah:

SECTION 1. <u>Purpose</u>. The purpose of this Ordinance is to amend the budget of Salt Lake City, including the employment staffing document, as approved, ratified and finalized by Salt Lake City Ordinance No. of 2005.

SECTION 2. Adoption of Amendments. The budget amendments, including amendments to the employment staffing document, attached hereto and made a part of this Ordinance shall be, and the same hereby are adopted and incorporated into the budget of Salt Lake City, Utah, including the employment staffing document, for the fiscal year beginning July 1, 2005 and ending June 30, 2006, in accordance with the requirements of Section 128, Chapter 6, Title 10, of the Utah Code Annotated.

SECTION 3. <u>Certification to Utah State Auditor</u>. The City's Policy and Budget Director, acting as the City's Budget Officer, is authorized and directed to certify and file a copy of said budget amendments, including amendments to the employment staffing document, with the Utah State Auditor.

SECTION 4. Filing of copies of the Budget Amendments. The said Budget Officer is authorized and directed to certify and file a copy of said budget amendments, including amendments to the employment staffing document, in the office of said Budget Officer and in the office of the City Recorder which amendments shall be available for public inspection.

SECTION 5. <u>Effective Date</u>. This Ordinance shall take effect on its first publication.

Passed by the City Council of Salt	t Lake City, Utah, this day of
, 2005.

#### Initiative Discussion:

The Community Development Department has processed five (5) requests for impact fee exemptions, totaling \$115,700 for 130 housing units.

Community Development Corp of Utah received an exemption for 3 units (homes) totaling \$2,670 for Cannon Oaks Homes located at 921, 941 & 942 Cannon Oaks; Utah Housing Corp. received an exemption for 1 unit (home) totaling \$890 at 316 Emery; The Housing Authority of Salt Lake received an exemption totaling \$42,720 for 48 units pertaining to Phase 2 of the Jefferson School Apts.; Pittsburgh House Lofts Limited Partnership received an exemption totaling \$10,680 for 12 units located at 950 So. 200 West; Utah Non-Profit Housing Corp. received an exemption totaling \$45,390 for 51 units for the Liberty Wells Apts.; and Utah Housing Corp. received an exemption totaling \$13,350 for 15 units (homes) of the Crown Homes Project.

As outlined in the current City Ordinance, a one hundred (100) percent exemption shall be granted for non-rental/rental housing, for which the annualized mortgage/rental payment does not exceed thirty (30) percent of the annual income of a family whose annual income equals eighty (80) percent of the median income for Salt lake City as determined by HUD.

It is recommended that the City Council adopt the appropriate action to increase the nondepartmental budget from fund balance to facilitate the necessary payment of the Impact Fee exemptions.

Initiative Name:		
	Meth. Lab. Clean Up Trailer	
Initiative Number:		
	BA #1 FY2006 Initiative #A-2	
Initiative Type:		
	New Item	

#### Initiative Discussion:

In the last few months we have experienced a dramatic increase in the number of clandestine drug labs we have investigated. It is projected that this trend is likely to continue. In 2004 Salt Lake City Narcotic Squad seized four labs. Through July 1, 2005, nine have been seized. It is imperative that SL Narcotic Squad become fully operational and equipped to handle these extremely dangerous labs.

Currently there are eight SLC Narcotic Detectives trained in the dismantling and processing evidence for Methamphetamine lab prosecutions and SLC SWAT Team is certified to make tactical entries on labs; however, we do not have the necessary equipment to perform this task.

The Drug Enforcement Administration (DEA) provides a Methamphetamine Lab Response Truck that we can access to process and investigate labs. While it is available to borrow, it has been problematic for us as we encounter the following: We are not assured that all the equipment we require will be on the truck, sizes/fit protective gear is paramount to the safety of the officers responding and there is substantial amount of down time while we gain access to the truck and transport to the lab location. This is especially concerning to us as some law enforcement officers are experiencing health problems claiming they are related to their work at the clandestine lab sites.

It is our wish to purchase a utility trailer and equip it with all the necessary and proper fitting gear to enter, dismantle and process the clandestine drug labs. With this trailer and equipment we will become self reliant and capable of an appropriate, timely and most import safe response to lab situations. We will also be assured that all the necessary equipment will be stocked in the trailer.

OSHA regulations require that four persons are dressed and equipped with Self Contained Breathing Apparatus (SCBA's); two acting as a rescue team if the other officers go down inside the lab. The DEA truck usually only has two operational SCBA's and frequently relies on the Fire Department to act as their rescue team. The average on scene time to process a lab is six hours. To take fire engines out of service that amount of time has been problematic in the past.

Salt Lake City S.W.A.T. is currently certified to handle tactical entries on operational methamphetamine labs however they do not have all the necessary equipment to safely perform this function. This equipment will be utilized by both the Narcotics Squad and S.W.A.T. to make safe entries into these situations.

It is imperative for the safety of our officers and the public that we obtain this equipment as we continue to respond and deal with the growing number of methamphetamine labs in our city. The equipment will be utilized in Salt Lake City proper. In the rare case that all other resources in the county are depleted and assistance is requested, equipment may be utilized in other jurisdictions in Salt Lake County with Police Department administrative approval.

We have identified narcotics seizure funds currently in a City account to purchase minimum safety equipment and a trailer to store and respond to these types of incidents. With your approval we would like to use these funds.

Estimates for Meth Trailer /	Equipmer	nt	
			<b>FORESTAL</b>
Trailer		\$ 5,250.00	\$ 5,250.00

The Balance of the State of the	La Britana de Carrollo	11 (1.14) NAME (20.72)	2012 1 AUG 1988

- Trailer 8 ft x 12 foot double axle box utility trailer. This trailer will be used to store and respond with the necessary personal protective equipment.
- Self contained breathing apparatus (SCBA) These will be used to provide repository protection from the dangerous chemicals present at clandestine drug labs.
- Spare Tanks OSHA regulations require one spare tank for each SCBA.
- Nomex Suits Because of the high risk of flash fire during clandestine drug lab entries, these fire protective suits will be worn by SWAT Officers making initial tactical entry.
- Generator, Lights and Electrical Used to power the trailer and lighting during lab dismantling and evidence collection.
- Bed Liner This will make easy decontamination of any trace chemicals maintaining a safe environment for officers.

Cabinets, Plywood and Metal – Used to construct storage and work space in the trailer.

 Personal Toxic Gas Monitors — Worn by officers entering and working inside the clandestine drug lab to alert the presence of toxic gases. We require six so that every other officer on an entry team would be equipped with this monitor.

\*All disposable equipment used during lab processing i.e. Tyvex chemical suits, gloves, boots, protective mask filters, etc. are supplied by DEA at no cost to Salt Lake City.

The cost to maintain the trailer and SCBA equipment should only include incidental maintenance.

Initiative Name:
400 West and North Temple Sidewalk
Initiative Number:
BA#1 FY2006 Initiative #A-3
Initiative Type:
New Item
Initiative Discussion:  The RDA has approved and committed \$23,000 of funding for the installation of sidewalk and pedestrian improvements on the west side of 400 West underneath the North Temple viaduct These improvements will provide pedestrian crossing of the North Temple east bound ramp.  The Utah Department of Transportation (UDOT) has committed \$7,000 for this project and Gastronomy has committed private funds in the amount of \$6,000. Agreements are currently being prepared with both entities to facilitate the transfer of funds to the City.
This action will establish budgets for the City to receive the \$7,000 of UDOT and the \$6,000 of Gastronomy funds. The with the RDA portion the total cost of this project is \$36,000.
It is recommended that the City Council appropriate the necessary budgets to accept the UDOT and Gastronomy funding to facilitate this project.

	BA#1 FY2006 Initiative #A-4
Initiative Typ	pe:
	New Item

#### Initiative Discussion:

Due to significant construction cost increases particularly in concrete, fuel, asphalt and steel, the bids received for the 9th and 9th project were much higher than originally projected. For this reason, Engineering is requesting an additional \$80,000 from the Class "C" cost overrun account. In addition to the request for an additional \$170,000 from the CIP cost overrun account. In addition to the request for an additional \$250,000 of funding, the design has been reviewed resulting in elimination of some items of work and the incorporation of deduct alternates to further reduce the construction cost if necessary. The deduct items include constructing an asphalt rather than concrete intersection and eliminating the lights in the median.

This project is scheduled to be re-bid in November of 2005 with construction scheduled to begin in early Spring of 2006.

This request will reduce the current Class "C" cost overrun account by \$80,000 leaving a balance of \$75,838, and will reduce the current CIP cost overrun account by \$170,000 for a remaining balance of \$324,213.

It is recommended that the City Council appropriate the necessary budget increase to facilitate this project.

Initiative Name:		
	Construction Mitigation	
Initiative Number:		· · · · · · · · · · · · · · · · · · ·
	BA#1 FY2006 Initiative #A-6	
Initiative Type:		
	New Item	

Salt Lake City Administration is recommending the addition of a full time staff position in the Economic Development department to facilitate construction mitigation and economic development projects and analysis from October 1, 2005 through December 2008.

Scheduled construction projects in the Central Business District will begin in the Fall of 2005. There are several multiple-year projects:

#### PROJECT SCHEDULE:

Salt Palace Expansion	Winter 2005 to Summer 2006
Kennecott Building Reskinning	Winter 2005
Triad Center remodel into BYU / LDS Business College Campus	Fall 2005
Hamilton Partners 22-story office tower	Fall 2005
Key Bank Tower and Crossroads Mall	Fall 2005
ZCMI Mall	Fall 2005
Federal Courthouse Expansion	TBD
Trax Extension from Delta Center to Intermodal Hub	TBD
Commuter Rail North from Intermodal Hub	Fall 2005

The City's construction mitigation plan will allow the master plan for the Central Business District to proceed with as little disruption and impact to area businesses and their employees, visitors, and retail customers as possible. The staff person will serve as the main point of contact regarding downtown construction, and will be the liaison between City departments including: Public Services, RDA, Transportation, Economic Development, Community Development, Building Services, Planning and Engineering, and the Mayor's Office.

The staff position will also be the City's point of contact for construction project coordinators, developers, and contractors.

It is the intent of the Salt Lake Area Chamber of Commerce to hire a full time position to address the business community's concerns regarding downtown construction. Salt Lake City's construction mitigation staff will coordinate construction communication with the Chamber staff.

## Scope of Work

The duties of the position include but are not limited to:

# A. Construction Mitigation

Develop an overall construction mitigation plan to coordinate construction activity among all affected city departments. Develop communication procedures for the dissemination of information to internal city departments, contractors, project leaders and developers, and serve as liaison to the business community through the Salt Lake Area Chamber of Commerce staff liaison. Develop a public information plan to distribute information through the City's website, SLC-TV, and departmental newsletter communications. Assist with small business loan program related to construction-impacted businesses.

# B. Foreign Trade Zone

With the addition of the Union Pacific transloading facility located at 5600 West and 900 South and the growth in air cargo shipments at the Salt Lake International Airport, the reactivation of Foreign Trade Zone #30 is under consideration. It is anticipated that over the next 10 years, much of Salt Lake City's business growth will be in distribution facilities and businesses that rely on strong air, highway and rail access for movement of goods. To reactivate FTZ #30 and identify appropriate subzones will take a coordinated effort, research, potential partnerships and time. These duties will also be assigned to the dedicated economic development position including: Researching and writing a comprehensive business plan for reactivation of Salt Lake City's foreign trade zone (FTZ#30). Creating a policy and procedure manual for FTZ #30. Creating a marketing plan for FTZ #30. Serving as Salt Lake City's operator of the FTZ #30.

## C. Retention Program

Seventy percent of economic growth comes from businesses already located within the area. Currently, business outreach is being coordinated with business license mailings.

The new staff position will be responsible for the development of a comprehensive business retention program including coordination of the existing mail campaign, one-on-one site visits with businesses with over 50 employees, and individual business assistance with Salt Lake City programs and services.

# D. Economic Impact Analysis

Twice a month, Salt Lake City's Planning Commission reviews projects sent by the Planning Office to all Departments and Divisions in the City with a request for comment. The comments are then used to either approve or deny the project. Many of the projects require analysis of the economic impact of the proposals that the Planning Commission and City Council reviews. Analysis of the project's economic viability and contribution to the City's overall vitality and economic health could be part of the decision making process. The economic development staff person will research and provide in depth analysis of the project at the review table with staff (DRT) as well as at Planning Commission and Council meetings.

Construction Mitigation
Economic Development Manager
Job Description

Staff Position: Construction Mitigation and Economic Development Manager

The full-time position will report directly to the Senior Advisor for Economic Development, and will be dedicated to Salt Lake City's economic development effort with four primary areas of focus:

## 1.) Downtown Construction Mitigation.

Develop overall construction mitigation plan to coordinate city process related to downtown construction beginning in the Fall of 2005. Duties will include, but not be limited to, coordination with all city departments to address the permitting process, planning and zoning issues, business access, traffic/parking management, alternative transit development, and coordination with utilities, road repair and construction contractors regarding location and time of work related to circulation, parking and walkways.

Develop communication procedures for dissemination of information to: 1) all city departments, 2) contractors, project leaders, developers, 3) the business community through the Salt Lake Area Chamber of Commerce's staff liaison for construction mitigation.

Develop a public information plan to include in all Salt Lake City communication outlets including the slcgov.com website, SLC-TV, community council mailings and meetings, and departmental newsletters to communicate to the public at large necessary information regarding downtown construction. Assist current economic development staff with the coordination of the small business construction loan program. Deliver information to downtown businesses about availability and procedure for loan applications.

## 2.) Foreign Trade Zone.

- 1. Develop a comprehensive business plan for reactivation of Salt Lake City's foreign trade zone.
- 2. Create a policy and procedure manual for FTZ #30.
- 3. Create a marketing plan for FTZ #30.
- 4. Serve as Salt Lake City's liaison for FTZ #30.

#### 3.) Retention and expansion program.

Develop and coordinate a proactive retention program for existing Salt Lake City businesses. Identify target industries (over time all SIC codes will be targeted) for business outreach. Coordinate a "visit business" program to conduct one-on-one meetings with medium to large employers, property owners, real estate executives and developers.

## 4.) Economic Impact Analysis

Review Planning Commission projects using economic impact research and provide an analysis of the economic impact of the proposals that the Planning Commission and City Council reviews. Analysis of the project's economic viability and contribution to the City's overall vitality and economic health could be part of the decision making process. The staff person will research and provide analysis of the project at the review table with staff (DRT) as well as at Planning Commission and Council meetings.

Initiative Name:

US Department of Education

Supplemental Congressional Appropriation - Year 4

Initiative Number:

BA#6 FY2006 Initiative #B-1

Initiative Type:

**Grants for Existing Staff Resources** 

#### Initiative Discussion:

Public Services, YouthCity Program was awarded an additional Congressional Appropriation in the amount of \$894,150 from the US Department of Education in FY 2003-2004. This award is for a five year period from FY2004 to FY2008. The funding was allocated for continuation and expansion of the current programs YouthCity provides.

The City adopted the budget for FY2003 though FY 2006. This budget request is for year 4 of the 5 year award.

\$237,630 of these funds will continue to fund the salary & benefits of the manager, site coordinators, and hourly PTE teacher positions during the winter of FY05-06. No new positions are required. In addition, \$3,000 has been awarded for travel, \$2,500 for equipment \$4,000 supplies, \$2,500 for other \$5,000 for O&M and \$48,000 for the contractual components that provide various programs to youth at YouthCity sites which include, Fairmont, Liberty, Central City, Sorenson Multi-Cultural Center and Glendale Middle School.

The City Council previously adopted the necessary Resolution authorizing the Mayor to sign and accept the US Department of Education appropriation and to sign any additional contracts and awards related to the grant. It is recommended that the City Council appropriate the necessary budgets for the continuation of this grant.

Initiative Name:		
	State of Utah Clean Cities Grant	
Initiative Number:		-
	BA#1 FY2006 Initiative #B-2	
Initiative Type:		
	New Grant For Existing Staff Resources	

The Mayor's Office applies for and receives this grant annually from the State of Utah, Department of Natural Resources Energy Office. These funds will be used for salary and benefits, supplies and travel of the Clean Cities Coordinator.

Funds are awarded for the continuation of the coordination assistance in promoting the use of alternative fuel vehicles (AFV) and the ultimate development of a refueling and vehicle maintenance infrastructure, to educate the public of AFV's and collect and distribute information regarding AFV performance, costs and technology.

It is recommended that the City Council accept the grant and appropriate the necessary budget to facilitate this grant. The Council previously passed the Resolution authorizing the Mayor to accept and sign the original grant and to accept and sign any additional contracts and awards related to this grant.

Initiative Name:	
Utah State - Police	Dept Crisis Intervention Team Grant
Initiative Number:	
BA#1	FY2006 Initiative #B-3
Initiative Type:	
Grant fo	r Existing Staff Resources

The Police Department receives these funds from Utah State University on an annual basis. It is awarded to further Officer Crisis Intervention Team Training/Certification. This training deals with crisis mediation and intervention as it pertains to law enforcement issues and persons who have serious mental illness or developmental disabilities.

These funds will be used to continue the City's program to provide training to Officers statewide and will be spent as follows. \$14,960 Officer overtime. This amount reflects 448 hours @ \$34.00 per hour, for Officers to attend, train and promote this program. These funds will continue to provide the resources necessary for the Police Department to plan and implement a training program in which Officers gain knowledge pertaining to mental illnesses, specific types of diagnoses, and procedures for caring out their law enforcement responsibly with safety and sensitivity. The remaining funds, \$5,040, will be used for supplies to include manuals, pins, printing costs, travel/training and technical services provided by mental health agencies.

It is recommended that the City Council adopt the appropriate budget to facilitate this grant. The Council previously passed the Resolution authorizing the Mayor to accept and sign the original grant and to accept and sign any additional related grants.

Initiative Name:		
	Utah Department of Health Police Dept EMS Grant	
Initiative Number:		
	BA#1 FY2006 Initiative #B-4	
Initiative Type:		
	Grant for Existing Staff Resources	

The Police Department Emergency Communications Unit applies for and receives these funds annually from the Utah Department of Health, Bureau of Emergency Medical Services. Funding is awarded for the costs associated with sending units dispatchers to required, continuing medical education (CEM) training, for new and/or continued certification. State law requires Emergency Dispatchers to be Post Certified and to maintain their certification by receiving a minimum of 40 hours training over a two year period.

The Communications Unit provides EMD dispatch operations which includes pre-arrival instruction, call triage and dispatch of EMD response unit.

It is recommended that the City Council adopt the appropriate budget to facilitate this grant. The Council previously passed the Resolution authorizing the Mayor to accept and sign the original grant and to accept and sign any additional related grants.

Initiative Name:	
Recapture CIP, CDBG C	IP and CDBG Program Funds
Initiative Number:	
BA#1 FY20	06 Initiative #D-1
Initiative Type:	
Hou	sekeeping

This action decreases the remaining budgets and/or cash balances of completed and or closed CIP Funded Projects and increases the cash and budget of the CIP cost overrun account in year 2005. This involves closing seventeen (17) projects totaling \$279,399.85

This request also decreases the remaining budget and/or cash of five (5) completed Community Development Block Grant (CDBG) Fund CIP Projects, totaling \$54,293.14 from various years and increases the cash and budget of the same years CDBG cost overrun account.

In addition, this request will decrease the remaining budget and/or cash of twenty-five (25) CDBG Program funds, totaling \$594,147.93 from various years and increase the cash and budget of the same years CDBG cost overrun account.

The \$400,255 of funds being recaptured from the Utah Heritage Foundation are from a Revolving Loan Fund. The Utah Heritage Foundation contacted the Housing and Neighborhood Development Division requesting to return the funds because they have been unable to spend them due to the federal requirements. They did however, keep \$100,000 of these funds, as they estimate this is the amount needed to continue to offer their program to low-to-moderate income residents for historic preservation. The Federal Regulations require these funds of \$400,255 be used for the same eligible activity. These fund will be held for reallocation in the FY 2006-2007 CDBG process. These funds will be available to fund eligible housing agencies that have a revolving loan fund program.

It is recommended that the City Council adopt the appropriate action to decrease the remaining budgets and/or cash of completed CIP Fund Projects and increase the 05 CIP Fund Balance account; and decrease the remaining budgets and/or cash in the completed CDBG CIP projects and increase the budgets and/or cash of the same years CDBG Fund Balance Accounts.

Initiative Name:	
Special Revenue	Carryover and Program Income Recognition
Initiative Number	
Initiative Number:	
	BA #1 FY2006 Initiative #D-2
Initiative Type:	
	Housekeeping

City Council has in the past approved carryover budgets in these funds in order to complete the started projects.

After June 30, 2005, the spending authority of any remaining amounts held by these funds lapsed.

Without Council action, the City cannot finish the started projects.

Budgets in special revenue funds by state statute lapse at fiscal year end.

It is recommended that the Council approve the carryover budgets for these special revenue funds

In addition, this amendment request moves Housing related activities from the Grants operating fund (72) to the

Housing special Revenue Fund (78). These activities are the Housing Trust Fund, Transitional Housing Fund,

the Redevelopment Agency Housing Trust Fund and River Park Program Income.
Along with the Carryover requests, three program income amounts are requested for the Housing Fund. They are:

(A) \$148,475 for Renter Rehab loan principal and interest payments, (B) \$999,860 for CDBG housing loan principal and interest payments and (C) \$444,666 for Home loan principal and interest payments.

Initiative Name:
General Fund Encumbrance Carryover
Initiative Number:
BA#1 FY2006 Initiative #D-3
Initiative Type:
Housekeeping
Initiative Discussion:
General Fund departments comparison to budget at year end includes encumbrances that are outstanding at year end.
Historically, the Council has appropriated fund balance to provide a means to "hold harmless the General Fund departments for prior year encumbrances.  Without Council action, the General Fund departments' Fiscal year 2006 appropriation would be forced to fund encumbrances outstanding at fiscal year end.
The encumbering of funds at contract inception or purchase order issuance causes a timing difference between the "earmarking" of funds for an expenditure and the actual expenditure.
It is recommended that the Council approve the budget for the outstanding encumbrances in the General Fund

Refuse Fund Encumbrance Carryover
BA #1 FY2006 Initiative #D-4
Housekeeping

State law requires that all budgets, except that of the Capital Project Fund, lapse at June 30th or fiscal year end. Historically, purchase orders encumbered near the end of the fiscal year are not paid by June 30th and therefore the payment will occur in the next fiscal year. Because the budget from the prior fiscal year lapsed, it is necessary to again appropriate funds to cover the purchase commitments made in the prior year and paid in the current year. The funding source for this type of transaction is fund balance. This amendment request will appropriate budget in the Refuse Fund of \$65,415. There is adequate fund balance available in the funds to accomplish this request.

Initiative Name:		
	Impact Fee Revenue	
Initiative Number:		
	BA#1 FY2006 Initiative #D-5	<del>:</del>
Initiative Type:		
	Housekeeping	

During the last fiscal year, the City has collected Impact Fees and accrued interest income on the Impact Fee revenue. This action will increase or decrease the budgets of the Impact Fee revenue accounts to match the actual cash.

Police - Impact Fee revenue \$123,117.91, interest income \$40,082.58 totaling an increase to the budget of \$181,140.79 - current available cash \$341,284.59. Fire - Impact Fee revenue \$139,866.98, interest income \$35,655.05 totaling an increase to the budget of \$107,327.57 - current available cash \$1,130,385.10. Parks - Impact Fee revenue \$8,635.00, interest income \$22,740.56, totaling a decrease to the budget of (\$36,608.64) - current available cash \$77,222.90. Streets, Westside - Impact Fee revenue \$463,693.97, interest income \$58,130.56 totaling an increase to the budget of \$699,137.83 - current available cash \$1,195,548.86.

The amount of Impact Fee revenue for Parks was lower than the actual amount anticipated when the new Impact Fee cost centers and budgets were established last year. This resulted in a decrease in the current budget to match the actual cash.

It is recommended that the City Council adopt the appropriate action to increase or decrease the budgets of the Impact Fee revenue accounts to match the cash available.

900 So. SID - Job #102004	
BA#1 FY2006 Initiative #D-6	
Housekeeping	
	BA#1 FY2006 Initiative #D-6

When the 900 South special improvement district (SID) was created, it was assumed approximately 30% of the property owners would select the option to have their park strip landscaped. As construction has progressed, over 80% of the property owners are requesting the landscaping. The \$80,000 budget increase to the 900 So. SID, will allow the City to accept the property owners funds and process a change order to compensate the contractor for the installation of sod, irrigation systems and street trees requested by the property owners in the SID.

This action will increase the current budget in the property owners portion of the SID by \$80,000.

It is recommended that the City Council appropriate the necessary budget increase to facilitate the 900 So. SID and accept the property owner funds.

Initiative Name:		
	700 South, Jordan River Bridge Replacement	
Initiative Number:		
	BA#1 FY2006 Initiative #D-7	
Initiative Type:		
	Housekeeping	

The 700 South Jordan River bridge replacement project is an approved federally funded bridge replacement project that requires a 20% local match. The Utah Department of Transportation (UDOT) established a budget in the amount of \$900,000 of Federal Highway Funds and the City appropriated the \$200,000 match from Class "C" funds in the FY 03-04 CIP process. UDOT administers and monitors these projects and funds with the City paying UDOT the matching funds at completion of the project.

Due to significant price increases in construction and materials UDOT has had to increase the current budget for this project. UDOT has secured additional federal funding and this request of an additional \$20,000 will provide adequate funding to meet the local match requirements. This project is slated to be bid in September of 2005.

This request will reduce the current Class "C" cost overrun account by \$20,000 leaving a balance of \$155,838.

It is recommended that the City Council appropriate the necessary budget increase to facilitate this project.

500 West 200 South to 400 South	
Initiative Number:	
BA#1 FY2006 Initiative #D-8	
Initiative Type:	
Housekeeping	
Initiative Discussion: In December of 2004, an administrative decision was made to clear the deficit in the 500 West bond for the Gateway project. A journal entry was made using the unused funds from	
the Main Street savings cost center to help offset the deficit.  Also in December, the Engineering Division prepared a budget adjustment for the March 200	05
budget opening, to recapture the remaining funds totaling \$11,334.25.  The journal entry and the budget opening crossed and left a deficit in the 83 CIP account of	
\$11,334.25. This request is to reimburse the deficit in the 83 account, from the fund balance account in the amount of \$11,334.25.	
It is recommended that the City Council appropriate the necessary budget adjustment to facilitate this adjustment.

nitiative Name:	
Redwood Road Sidewalk - Indiana to California Aves - State C	3rant
nitiative Number:	
BA#1 FY2006 Initiative #E-2	
nitiative Type:	
Grant Requiring No New Staff Resources	

The Engineering Division has received approval from the Utah Department of Transportation for a \$75,000 grant for the City's Safer Sidewalk grant application. This project will provide for the installation of sidewalk on the east side of Redwood Road, from California Ave. to Indiana Ave., improving access to the Redwood Road bus stops for Westside residents. An Interlocal Agreement is currently being written and will be processed to address these funding responsibilities.

The UDOT grant of \$75,000 requires a 25% or \$25,000 local match. Engineering is proposing that a budget for the match be appropriated from the GF cost overrun account.

This request will reduce the current CIP cost overrun account by \$25,000 leaving a remaining balance of \$299,213:

It is recommended that the City Council appropriate the necessary budget, to facilitate this grant:

Initiative Number:		-
	BA#1 FY2006 Initiative #E-3	
Initiative Type:		
	Grant Requiring No New Staff Resources	

The Mayor's Office applied for and received this grant from the US Environmental Protection Agency to defray costs associated with the SLC Green Environment and Economic (e2) Business Program, in implementing the Pollution Prevention & Environmental Action through Community Education (P<sub>2</sub>EACE) Program. Partnering with The Art's Organization, the City will offer two hour courses, educating approximately 40 businesses and individuals on environmental, ecologic, economic, and energy conservation strategies. Courses include Sustainability of Life, Toxins, Toxic Free Alternatives, Green Building, Waste Reduction, Precycling and Recycling, Energy, Architecture, Land and Water Resources, Transportation, Pollution and Nutrition, Impact Free Nutrition and Water Conservation.

The City will contract with The Arts Organization Institute who will use \$7,686 of funds to contract with specialists in the topics listed to teach the courses, an additional \$12,600 will be used for class materials.

It is recommended that the City Council pass the necessary Resolution and adopt the appropriate budget to facilitate this grant.

Donation
nitiative Discussion:
The Public Services Department has received several requests regarding an upgrade to t Interior lighting at the Liberty Park Tennis Bubble, from Senior's and other players who u the facility.
Engineering has received a cost estimate from the tennis bubble manufacturer and courchase and install used lighting at a cost of approx. \$7,608. The Friends of Liberty Parennis have offered to donate \$5,000 toward this cost. The remaining \$2,608 can absorbed within the current CIP budgets appropriated for Liberty Park.
The additional lighting will be added after the bubble is erected for this winter season, and the completed by November 2005.
It is recommended that the City Council adopt the necessary budget to accept the private donation and facilitate this project.

### COUNCIL TRANSMITTAL

TO:

Dale Lambert, Chair

Salt Lake City Council

FROM:

Rocky J. Fluhart, Chief Administrative Officer

DATE:

August 24, 2005

SUBJECT:

Municipal Building Authority Budget Amendment No. 1

**Recommendation:** We recommend that on September 13, 2005, the City Council set a date to hold a public hearing on September 20, 2005, to discuss Municipal Building Authority Budget Amendment No. 1.

<u>Discussion and Background</u>: The attached amendment packet is transmitted to the City Council Office for the briefing on August 23, 2005.

<u>Legislative Action:</u> The attached ordinance to amend this budget has been approved by the City Attorney.

cc:

Dan Mulé, City Treasurer

Shannon Ashby

# SALT LAKE CITY RESOLUTION

No. of 2005

(Amending Salt Lake City Resolution No. \_\_\_\_ of 2005 which adopted the Budget of the Municipal Building Authority of Salt Lake City for Fiscal Year 2005-2006)

A RESOLUTION AMENDING SALT LAKE CITY RESOLUTION NO. \_\_\_\_
OF 2005 WHICH ADOPTED THE BUDGET OF THE MUNICIPAL BUILDING
AUTHORITY OF SALT LAKE CITY, UTAH, FOR THE FISCAL YEAR BEGINNING
JULY 1, 2005 AND ENDING JUNE 30, 2006.

### **PREAMBLE**

The City's Policy and Budget Director, acting as the City's Budget Officer, has prepared and filed with the City Recorder proposed amendments to said duly adopted budget, copies of which are attached hereto, for consideration by the City Council and inspection by the public.

The City Council fixed a time and place for a public hearing to be held to consider the attached proposed amendments to the budget and ordered notice thereof be published as required by law.

Notice of said public hearing to consider the amendments to said budget was duly published and a public hearing to consider the attached amendments to said budget was held in accordance with said notice at which hearing all interested parties for and against

the budget amendment proposals were heard and all comments were duly considered by the City Council.

All conditions precedent to amend said budget have been accomplished.

Be it resolved by the City Council of Salt Lake City, Utah, acting in its capacity as the Board of Trustees of the Municipal Building Authority of Salt Lake City:

SECTION 1. <u>Purpose</u>. The purpose of this Resolution is to amend the budget of the Municipal Building Authority of Salt Lake City as adopted by Salt Lake City Resolution No. \_\_\_\_ of 2005.

SECTION 2. Adoption of Amendments. The budget amendments attached hereto and made a part of this Resolution shall be, and the same hereby are adopted and incorporated into the budget of the Municipal Building Authority of Salt Lake City, Utah for the fiscal year beginning July 1, 2005 and ending June 30, 2006, in accordance with the requirements of Section 128, Chapter 6, Title 10, of the Utah Code Annotated.

SECTION 3. <u>Certification to Utah State Auditor</u>. The City's Policy and Budget Director, acting as the City's Budget Officer, is authorized and directed to certify and file a copy of said budget amendments with the Utah State Auditor.

SECTION 4. Filing of copies of the Budget Amendments. The said Budget

Officer is authorized and directed to certify and file a copy of said budget amendments in
the office of said Budget Officer and in the office of the City Recorder which
amendments shall be available for public inspection.

SECTION 5. <u>Effective Date</u>. This Resolution shall take effect on its first publication.

Passed by the City Council of Salt	Lake City, Utah, this day of
, 2005.
