# Memorandum

**Date:** September 2, 2005  
**To:** City Council Members  
**CC:** Rick Graham, Rocky Fluhart, Chief Rick Dinse, Cindy Gust-Jenson, Val Pope, Lt. Melody Gray, Diana Karrenberg, Barry Esham, Annette Daley, Gwen Springmeyer, and Patty Jarvis  
**From:** Council Member Dave Buhler  
**RE:** Legislative Action to request an ordinance amendment to Section 15.08.020 of Salt Lake City Code for mini parks relating to park closure hours.

I am requesting that the City Council support a Legislative Action to propose a change to park hour closure times from 11 p.m. to 10 p.m. for mini parks (1/2 acre to 5 acres) where recreational activities are taking place. Park hours would remain at 11:00 p.m. for all other parks.

Section 15.08.020A of Salt Lake City Code currently states: "All public parks of the city shall be closed to the public between the hours of eleven o'clock (11:00) p.m. at night and five o'clock (5:00) a.m. the following morning."

Mini parks are usually located in the midst of residential neighborhoods. Constituents who live near one such park have expressed concern that often times they experience disruptions to their peace and quiet due to activities and inappropriate behavior taking place in the park, commonly during late hours. Given the close proximity of numerous residential homes to mini parks in the City (refer to attached aerial maps for each park), I believe it is appropriate to have an earlier closure time of 10:00 p.m. to help alleviate the late hour disturbances that community members may be experiencing. Practically speaking, this means that park neighbors who are being disturbed may call the police at 10:00 p.m. rather than waiting until 11:00 p.m.

Issues raised by the Department of Public Services include 1) clearly defining that the hours have changed for mini parks from other City designated parks (community, special use, or neighborhood parks) to avoid potential park hour closure confusion; 2) ensure the Police Department is fully aware of the proposed ordinance change to eliminate potential confusion relating to enforcement of park closure times; and 3) costs associated to replace park signs that list the 10 p.m. park closure time. I would also like to obtain input from the police department as an ordinance is drafted and considered, as well as from affected community councils.

I would appreciate the support of the City Council in asking the City Attorney to draft an ordinance with respect to this proposed legislative action.
