

City Council Announcements

July 11, 2006

A. Information Needed by Council Staff

1. County Draft West Bench General Plan Council Member Christensen suggested that the Council may be interested in a briefing on the County's draft West Bench General Plan since it may have impact on the Northwest/West Side Master plan where Kennecott's land abuts Salt Lake City. **Would Council Members like to schedule a briefing at a work session or have staff arrange for a small group meeting for those interested?**

B. For Your Information
