2. In **Budget Amendment Number One** the Council approved funding for the transfer of property from Lowe's on 1300 South 300 West for a turn lane. This was done at the recommendation of City Transportation. The amount listed in the budget amendment was \$40,000. This amount is \$8,105 less than is owed to Lowe's by the City. **Would the Council informally approve the Administration moving ahead with the reimbursement to Lowe's, with the understanding that the formal request for the \$8,105 will come to the Council formally in the next Budget Amendment?**
