# SALT LAKE CITY COUNCIL STAFF REPORT

---

**DATE:** April 1, 2008

**SUBJECT:** CDBG/ESG/HOME/HOPWA/ADDI Briefing

**AFFECTED COUNCIL DISTRICTS:** Citywide

**STAFF REPORT BY:** Jennifer Bruno, Budget & Policy Analyst

**ADMINISTRATIVE DEPT. AND CONTACT PERSON:** Housing and Neighborhood Development  
LuAnn Clark

---

On Tuesday, March 11, 2008, the Mayor presented his recommended budgets for the use of the 2008-2009 federally allocated Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), HOME Investment Partnerships Program (HOME), Housing Opportunities for People with AIDS (HOPWA), and American Dream Down payment Initiative (ADDI) monies. During his presentation, Council Members received a booklet that showed each project that applied for funding, the funding request, the funding level recommended by the Community Development Capital Improvement Project Advisory Board (CDCIP) or Housing Trust Fund Board, and the Mayor's recommended funding level. Council Members also received comprehensive descriptions for each project.

Salt Lake City's funding level for fiscal year July 1, 2008 to June 30, 2009 represents a 3.9 percent reduction (\$165,935) from the current fiscal year. The federal government is continuing discussions that include additional cuts for the CDBG funding. Council Members have spoken with members of Utah's Congressional delegation, and have been assured that every effort will be made not to continue cutting this program. The Administration has indicated that \$563,192 is available for recapture this year, for a total amount of \$4,609,145 available.

On March 18, 2008, the Council held a public hearing on the Mayor's Recommended CDBG, ESG, HOME, ADDI and HOPWA budgets. The Council may wish to consider approving the budgets, with any desired revisions, on April 8, as the Administration will need to prepare a final document to submit to HUD.

## OPTIONS

The Council may wish to identify its funding priorities and make tentative adjustments to the Mayor's recommendation if the Council's priorities are different than those recommended by the Mayor. The Council received recommendations from the Mayor, and held a public hearing to receive public input. All correspondence and comments that the Council Office received have been forwarded to Council Members for review.

## POLICY CONSIDERATIONS

The City Council has the following policies with respect to the CDBG, ESG, HOME, and HOPWA programs. The Council may wish to reevaluate its policies to reaffirm or revise them.

1. The Council will not consider awarding CDBG, ESG, HOME or HOPWA funding to any organization unless an application for funding was received. This allows the City to meet federal requirements that all programs/projects funded are the subject of a public participation process.
2. Due to limitations of future CDBG funds by the federal government, it is the intent of the City Council that administrative and operational support not be increased for existing programs and not be provided to new programs absent extenuating circumstances.
3. It is the intent of the City Council to only consider CDBG-eligible projects and programs located within the City's jurisdictional limits for funding. Exceptions have been made in the past for organizations that are located outside Salt Lake City boundaries, but provide services to residents of the City.

During prior-year briefings on the Council's CDBG, ESG, HOME and HOPWA policies, Council Members raised several policy issues.

1. During the FY 2007 budget process the Council expressed an interest in giving priority to projects that have been identified for CDBG funding in the recently adopted 10 Year Capital Improvement Plan. This statement could be added to the other policy statements. There are multiple instances of projects that have been generally identified in the CIP 10 Year plan. **These are identified starting on Page 7 of this report.**
2. Council Members had expressed a concern that CDBG projects are funded for design, but never get funded for construction. Aside from the three street design requests (one of which was recommended to be funded), the public services category, and the Administration category, all of the CDBG funding request are for "bricks and mortar" construction/renovation projects.
3. Council Members expressed an interest in knowing what percentage of the recommended budget was allocated to administration or operating costs, versus one-time "bricks and mortar" or capital projects. By CDBG statute, no more than 15% of the grant allocated to Salt Lake City, can go towards the "Public Service" category (for salaries and administration activities). **In FY 2009's funding recommendation, 33% of the total allocation is going towards salary or other non-bricks-and-mortar projects (in Administration, Contingency, Public Services, Street Design, and some Housing).**
4. Council Members raised some questions about CDBG allocations being used to fund projects submitted by City departments rather than from community or neighborhood groups. There is no requirement or restriction from HUD regarding the allocation of CDBG dollars to projects initiated by the administering agency. CDBG funding could be considered a way to augment the City's dwindling resources in order to accomplish community goals and objectives. The Council may wish to revisit the practice of funding City-initiated projects if this practice is of concern to Council Members.
5. Council Members asked whether the Council could commit multi-year funding in order to finance large projects. While a current Council cannot legally bind a future Council by appropriating future CDBG allocations (and because annual CDBG allocations are dependent on the Federal budget), the Council has some tools with which to plan for the financing of major projects. First, the Council can indicate its intent, which is not binding, to fund a project over a period of years. The Council did this in 1998 and 1999 with the

construction of the Central City Senior Center, funding half of the project in 1998 and half of the project in 1999. The City simply “holds” the first allocation until the entire budget is appropriated for construction. Second, the Council can utilize Section 108 loans to fund large CDBG-eligible projects. A Section 108 loan is similar to Motor Fuel Excise Tax (MFET) bonding, in that it borrows against future CDBG allocations, like the City has borrowed against future Class C allocations. The City must be able to prove that the City could finance the project and pay back the loan in the event that future CDBG funding became limited.

The Council and Administration utilized this funding mechanism in 1989 in order to purchase a property (the Canterbury Apartments) for the non-profit arm of the Salt Lake City Housing Authority, as they were at risk of defaulting on some bonds, which they used to purchase some rental properties. The purchase of the building was deemed to be in keeping with the community development and housing objectives of the CDBG program. In this instance, the City borrowed against a portion of 5 years of future CDBG funding, purchased the Canterbury and financed repairs at the Ben Albert Apartments. The rents from the Canterbury and CDBG funds were used to pay off the Section 108 loan. The properties have now been deeded by the City to the Housing Authority, who will begin to pay the City back, over a period of 10 years, for a portion of the original loan (Council Staff is confirming with the Administration when these payments will begin).

The City made this policy decision for two purposes: 1) to contribute to community housing development; and 2) to solidify the CDC’s bond situation, since to default would have reflected negatively on the City’s bonding ability.

## **ANALYSIS**

The following information is a brief summary of the proposed 34<sup>th</sup> Year CDBG, ESG, HOME, and HOPWA budgets (Fiscal Year 2008-09). The summary includes an analysis of the recommended budgets and indicates where the proposed budgets differ from previous budgets or may not be consistent with previous policy directives adopted by the Council. Council staff has attached the 34<sup>th</sup> Year CDBG, ESG, HOME, and HOPWA recommendations that were provided during the Mayor’s address, as well as a comprehensive description of each project that applied for funding.

### ***Community Development Block Grant Program –***

The Administration received applications for \$8,705,719 in 34<sup>th</sup> Year CDBG funding (up from \$7,036,772 in the 33<sup>rd</sup> year). HUD awarded Salt Lake City \$4,045,953 in Fiscal Year 2008-09, a decrease of \$165,935 (3.9 percent) from the last fiscal year. The Administration is proposing to augment HUD’s award with \$563,192 in funding reallocated from prior years for a total budget of \$4,609,145. The difference between funding requested and funding that can be allocated in this funding cycle is \$4 million (up from a \$2.3 million difference in the previous fiscal year).

The total funding awarded and allocated over the past ten years is as follows:

- 34<sup>th</sup> Year (08-09) \$4,045,953 (+ \$563,192 reallocated = \$4,609,145)
- 33<sup>rd</sup> Year (07-08) \$4,211,888 (+ \$518,468 reallocated = \$4,730,356)
- 32<sup>nd</sup> Year (06-07) \$4,207,623 (+ \$523,361 reallocated = \$4,730,984)
- 31<sup>st</sup> Year (05-06) \$4,649,907 (+ \$378,138 reallocated = \$5,028,045)

- 30<sup>th</sup> Year (04-05) \$4,891,000 (+ \$400,000 reallocated = \$5,291,000)
- 29<sup>th</sup> Year (03-04) \$4,937,000 (+ \$198,465 reallocated = \$5,135,465)
- 28<sup>th</sup> Year (02-03) \$4,854,000 (+ \$163,800 reallocated = \$5,017,800)
- 27<sup>th</sup> Year (01-02) \$5,031,000 (+ \$300,000 reallocated = \$5,331,000)
- 26<sup>th</sup> Year (00-01) \$4,791,000 (+ \$249,279 reallocated = \$5,040,279)
- 25<sup>th</sup> Year (99-00) \$4,840,000 (+ \$150,000 reallocated = \$4,990,000)
- 24<sup>th</sup> Year (98-99) \$4,810,000
- 23<sup>rd</sup> Year (97-98) \$4,999,000 (+ \$220,000 reallocated = \$5,219,000)
- 22<sup>nd</sup> Year (96-97) \$5,145,000

**CDBG Historic Funding Levels**  
(amount awarded from HUD)

The CDBG budget is divided into the major categories. A comparison of overall requests and proposed funding for each category is as follows:

Summary - CDBG Allocation - FY 07-08

	Request	CDCIP	Mayor	
			Mayor	% of total
Housing	\$ 1,520,000	\$ 1,205,000	\$ 1,205,000	26.1%
Street Design	88,000	22,000	22,000	0.5%
Street Construction	1,471,400	544,400	644,400	14.0%
Sidewalks	550,000	200,000	200,000	4.3%
Parks	2,225,000	525,000	725,000	15.7%
Public Services (15% cap)	937,858	606,893	606,893	13.2%
Public Service Building Improvements	1,027,740	743,140	432,148	9.4%
Planning	100,000	-	-	0.0%
Percent for Art	3,000	25,000	25,000	0.5%
Administration	702,721	702,721	702,721	15.2%
Contingency	80,000	34,991	45,983	1.0%
<b>Total Recommended</b>	<b>\$ 8,705,719</b>	<b>\$ 4,609,145</b>	<b>\$ 4,609,145</b>	

\*CDCIP – Community Development and Capital Improvement Projects Citizen Advisory Board

## CDBG Allocation - FY 08-09

Breakdown by Category  
Mayor's Recommended

The following sections detail the major categories, including any differing recommendations between the Mayor and CDCIP board.

### Housing

The City received seven applications for 34<sup>th</sup> Year CDBG Housing funding in the amount of \$1,520,000. The Mayor and CDAC did not differ in any other recommended funding amounts, and recommended a total of \$1,205,000 in the category.

There are two applicants, Community Development Corporation's Property Purchase and Rehabilitation program, and Housing and Neighborhood Development's Housing Match Fund, which did not receive a funding recommendation by either CDCIP or the Administration.

### Street Design

Three applications were received for street design projects for a total amount of \$88,000. Both CDCIP and the Administration recommended funding for the Bell Avenue Street Design (\$22,000). No other project received funding recommendations.

### Street Construction

The City received four applications totaling \$1,471,400 for this category, which funds street improvements in CDBG-eligible areas. The Mayor agreed with CDAC's recommendations in all cases, with the exception of ADA Physical Access ramps. The Mayor recommended funding this \$400,000 request in the amount of \$300,000. CDCIP recommended funding \$200,000. The recently adopted 10 Year CIP plan contemplates an estimated \$2,000,000 per year (from CIP general fund dollars) for local street reconstruction - for non-specified local streets. Engineering submits funding requests for both CIP and CDBG processes in order of need.

### Sidewalks

The recently adopted CIP 10 Year Plan includes \$900,000 per year in sidewalk replacement (to be matched with \$700,000 per year in Special Improvement District funds). The application for CDBG-funded sidewalk replacement this year was for \$500,000, and both CDCIP and the Mayor recommended funding \$200,000 of this request. The Liberty Wells Community Council also submitted a request for sidewalk replacement in the Liberty Wells area, in the amount of \$50,000. Neither CDCIP nor the Mayor recommended funding this request.

### **Parks**

There are eight requests for park category funding, for a total amount of \$2,225,000. CDCIP is recommending \$525,000 and the Mayor is recommending \$725,000. Both the Mayor and CDCIP recommended funding the Riverside Park Streetscape project, the Cottonwood Park Playground, and the Jordan River Parkway Security Lighting project. Additionally, the Mayor recommended funding the \$200,000 request for soccer field development at the 1700 South Jordan River Park, while CDCIP did not.

### **Public Services**

The Administration received applications for \$937,858 this fiscal year from thirty-five organizations. According to HUD guidelines, the maximum amount that can be spent per year on public services expenses is 15% of the total award, plus program income. The Mayor's recommended budget of \$606,893 is at the allowable cap of 15%. The Council will not be able to fund over this 15% cap.

The "Public Services" category includes requests from agencies and organizations for operational or administrative support for programs that provide community services. While federal Community Development Block Grant regulations allow a certain amount of funds to be spent for the expansion and improvement of community services, the original intent of the program was to revitalize neighborhoods. Past Councils have maintained a policy not to increase administrative or operational funding for existing programs or to grant operational funding for new programs absent extenuating circumstances. This decision has been in consideration of the program's original intent and in light of limited CDBG funding from the federal government.

In a few instances, the Mayor and CDCIP have recommended that agencies receive increased operational and administrative funding, and have indicated that these recommendations were based on extenuating circumstances. The Council may wish to note that cost of living or inflationary increases have not been considered into CDBG funding allocations within recent years. The Council may also wish to note that some of the funding requests within this category are for equipment and supplies, which could be considered more of a capital item than administrative or operating item (machines, vehicles, computers, printers, etc).

The Council may wish to note that with the exception of the Bad Dog Rediscovered America, Big Brothers Big Sisters of Utah, Catholic Community Services Marillac House, Salt Lake Donated Dental, Fourth Street Clinic, the Guadalupe Center, the Kostopulos Dream Foundation, The Road Home, SLC Police Mobile Neighborhood Watch, the Utah Food Bank, Valley Mental Health, and the YWCA, all of the CDCIP board and Mayor's recommendations are consistent. Most of the Mayor's funding recommendations differ with CDCIP's, in order to shift more money towards organizations with an emphasis on education.

### **Public Services Building Improvements**

The Administration received thirteen applications for Public Services Building Improvements totaling \$1,027,740. CDCIP has recommended funding \$743,140 of these requests. The Mayor has recommended funding \$432,148 of these requests.

The Council may wish to note that with the exception of the Community Action Program, Odyssey House, and Salvation Army all of the CDCIP and Mayor's recommendations are consistent.

### **Planning**

One application for \$100,000 was submitted for CDBG funding consideration within this category. It is to conduct a reconnaissance and intensive-level survey in the Central City Historic District to update earlier surveys. The boundaries of the area would be 500 to 700 East, 60 to 900 South. Neither the Mayor nor CDCIP recommended funding this project.

### **Percent for Art**

The percent for art budget requested was \$3,000. Both CDCIP and the Mayor recommended increasing this to \$25,000. This would be well above last year's allocation of \$5,952.

### **Administration**

For City Administration requests, both CDAC and the Mayor have recommended the full requested amount of \$702,721.

### **Contingency**

The contingency allocation for FY 2009 is requested to be \$80,000. Both the Mayor and CDAC have recommended reducing this proposed amount. CDCIP recommended \$34,991, and the Mayor recommended \$45,983. The Council approved \$30,000 in contingency funds last fiscal year.

The Council may wish to inquire with the Administration what levels they deem necessary, given the recent information that construction cost inflation may be cooling.

### **CIP 10 Year Plan Projects**

The following are projects identified in the CIP 10 Year Plan that are have funding requests for the current year's CDBG cycle:

1. \$400,000 requested – ADA Physical Access Ramps (*Street Construction, #1*) – The 10 Year Plan recommends \$400,000 per year to address this issue. However it lists the funding source as “General Fund” (meaning CIP) and not CDBG. Both CDCIP and the Mayor recommended funding this request. The Mayor has recommended \$300,000 while CDCIP has recommended \$200,000.
2. Street Reconstruction - \$1,071,400 requested - (*Street Construction, #2, 3, and 4*). Though the 10 Year Plan does not identify any of these streets specifically, it does recommend \$2 million per year in “Local Street Reconstruction,” from CIP or CDBG sources. Both CDCIP and the Mayor recommended funding #2 and #3 (Dale Avenue and 1000 West and Euclid Avenue) for a total of \$344,400.
3. \$200,000 – Sidewalk Replacement Program (*Sidewalks, #1 and #2*) – The 10 Year plan recommends \$900,000 per year from “General Fund” to address Deteriorated Sidewalk Replacement. The request from SLC Engineering was for \$500,000. An additional request was submitted from Liberty Wells Community Council for \$50,000. Both CDCIP

and the Mayor recommended funding \$200,000 for Engineering's request, but did not recommend funding Liberty Wells Community Council's request.

4. \$200,000 – Cottonwood Park Playground (*Parks #2*) - Both the Mayor and CDAC recommended funding for this project. Design funds for this project were appropriated last year.
5. \$150,000 – Security Lighting, Jordan River Park (*Parks #3*). The Mayor and CDAC have both recommended funding this project in the amount of \$150,000. In the CIP 10 Year Plan, a total of \$455,000 is scheduled to be funded from CDBG for this project (\$45,000 in FY 08, \$110,000 in FY 09, and \$100,000 every second year after that).
6. \$300,000 – 1700 South Jordan River Park restroom reconstruction (*Parks #4*). The 10 Year Plan recommended funding this project in FY 2007. Neither CDCIP nor the Mayor recommended funding the request.
7. \$300,000 – Cottonwood Park restroom reconstruction (*Parks #5*). The 10 Year Plan recommended funding this project in FY 2008. Neither CDCIP nor the Mayor recommended funding the request.
8. \$200,000 – 1700 South Jordan River Park Soccer Field Development (*Parks #7*). The 10 Year Plan recommends funding this project in FY 2009. CDCIP did not recommend funding this project but the Mayor did. *Staff note: Parks #6 (1700 South Jordan River Park Sprinkler System Rebuild - \$300,000) was not recommended for funding by CDCIP or the Mayor, but would provide an irrigation system for the entire park, including the proposed soccer field.*

### ***Emergency Shelter Grant Program (ESG) -***

This program is designed to improve the quality of existing emergency homeless shelters, make available additional emergency shelters, meet the costs of shelter operation and provide certain essential social services to the homeless.

The Administration received applications for \$255,300 in ESG funding. The City will receive \$181,475 from the Federal Department of Housing and Urban Development this year, the same amount as was allocated last year. There is \$4,449.93 available for reallocation, resulting in total funds available of \$185,924.33. Total funding for past eleven years is as follows:

- 34<sup>th</sup> Year (08-09) \$181,475 - plus \$4,449.93 to reallocate for a total of \$185,924.33
- 33<sup>rd</sup> Year (07-08) \$181,475
- 32<sup>nd</sup> Year (06-07) \$178,855
- 31<sup>st</sup> Year (05-06) \$178,884
- 30<sup>th</sup> Year (04-05) \$180,593
- 29<sup>th</sup> Year (03-04) \$166,000
- 28<sup>th</sup> Year (02-03) \$171,000
- 27<sup>th</sup> Year (01-02) \$169,000
- 26<sup>th</sup> Year (00-01) \$171,000
- 25<sup>th</sup> Year (99-00) \$172,000
- 24<sup>th</sup> Year (98-99) \$191,000

### ESG Funding Levels

A limited number of agencies in Salt Lake City operate programs that are eligible for ESG funding. A total of eleven applications were received. Both CDCIP Board and the Mayor recommended funding for all applicants, except Housing Assistance Management Enterprises (HAME), and the Salvation Army’s Adult Rehabilitation program (these are new programs). The Mayor recommended full funding (\$30,000) for the YWCA’s Residential Self-Sufficiency program, which the CDCIP Board had recommended at just under \$24,000. As a result, the Mayor recommended decreases in funding for Valley Mental Health and the Family Promise-Salt Lake Day Center Operations. All other programs had equal recommendations. The Administration and staff can brief the Council on the programs and the intended uses of the funds, during the work session.

#### ***Home Investment Partnerships Program (HOME) -***

The purpose of the HOME program is to provide funding for the expansion of decent, safe, sanitary and affordable housing for very low-income people. Total HOME funding over the past thirteen years is as follows:

- Year 08-09            \$1,236,403 (+\$600,000 reallocated = \$1,836,403)
- Year 07-08            \$1,279,714 (+\$361,596 reallocated = \$1,641,310)
- Year 06-07            \$1,292,136 (+\$370,000 reallocated = \$1,662,136)
- Year 05-06            \$1,373,848 (+\$14,015 reallocated = \$1,387,863)
- Year 04-05            \$1,455,036
- Year 03-04            \$1,453,020
- Year 02-03            \$1,354,000
- Year 01-02            \$1,350,000
- Year 00-01            \$1,215,000
- Year 99-00            \$1,209,000 (+ \$151,800 reallocated = \$1,360,800)
- Year 98-99            \$1,122,000
- Year 97-98            \$1,046,000
- Year 96-97            \$1,071,000
- Year 95-96            \$1,048,000

The City received HOME applications totaling \$2,274,971 from ten agencies. The City will receive \$1,236,403 from HUD this year in HOME funds, to combine with \$600,000 in reallocated funds, for a total funding amount available of \$1,836,403 (a \$556,609 increase from last year's funding cycle). Both the CDCIP Board and the Mayor recommended equal funding for all applicants. The Administration and staff can brief the Council on the programs and the intended uses of the funds, during the work session.

### ***Housing Opportunities for Persons with AIDS (HOPWA) -***

The purpose of the HOPWA program is to provide housing assistance and supportive services for low-income persons with HIV/AIDS and their families. The HOPWA Grant program provides assistance through formula allocations to eligible States and metropolitan areas. The Salt Lake City/Ogden Metropolitan Statistical Area (MSA) has qualified to receive funding from year 2005-2006 due to the number of HIV/AIDS cases in the MSA, with two counties added this year, Tooele and Summit. The grant amount this year is \$357,000 combined with an additional \$10,852 in available funds, for a total of \$367,852. The grant amount last year was \$346,000, combined with \$31,632 in available funds, for a total of \$377,632. This year's amount available represents a \$9,780 decrease.

The City participates on a Statewide HIV/AIDS Housing Steering Committee to ensure all applications are consistent with the needs identified in the strategy for the MSA. The Steering Committee updated the State HIV/AIDS housing Plan in June 2001, with revisions planned for this year. The City has also met with all entities within the MSA to coordinate their recommendations and determine the services needed in their areas, as well as how best to perform community outreach.

There were eight requests for \$282,300 in funding. The Administration and staff can brief the Council on the programs and the intended uses of the funds, during the work session.

### ***American Dream Downpayment Initiative (ADDI) -***

The American Dream Down payment Initiative (ADDI) was a new federal program in 2004. ADDI aims to increase the homeownership rate, especially among lower income and minority households, and to revitalize and stabilize communities.

The total grant allocation for this program for FY 08-09 is \$11,047 (a \$16,294 decrease from last year's allocation). There were two applications for this program, totaling \$120,000 - one from NeighborWorks Salt Lake, which provides down payment and closing costs assistance, and one from Salt Lake City Housing and Neighborhood Development (HAND), which provides down payment assistance to 8 low-to-moderate income first time homebuyers. The Housing Trust Fund and the Mayor recommended funding both requests.

## **➤ BACKGROUND**

The annual appropriations of CDBG, ESG, HOME, HOPWA, and now ADDI are distributed to Salt Lake City by the U.S. Department of Housing and Urban Development (HUD). In 1995, Salt Lake City submitted a five-year consolidated plan for the CDBG, ESG and HOME programs, which defined how Salt Lake City planned to use its housing and community development resources to meet policy objectives. Each year thereafter, the Mayor proposed a one-year action plan, or budget for these programs. The City Council then made the changes

deemed necessary and finalized the one-year action plan for submission to the U.S. Department of Housing and Urban Development (HUD).

In FY2000-2001, and again in FY 2005-2006, a new five-year consolidated plan was prepared by the City and adopted by the Council for submission to HUD, in addition to the one-year budget for each program. The Consolidated Plan is available for review by Council Members.
