RE: Resolution authorizing the approval of an Interlocal Cooperation Agreement between Salt Lake County, Utah and Salt Lake City Corporation relating to building and maintaining Parley's Trail

The Administration recommends that the City Council adopt the proposed resolution authorizing the approval of an Interlocal Cooperation Agreement between Salt Lake County and Salt Lake City Corporation to build and maintain Parley's Trail through northern sections of Parley's Historic Nature Park, and parcels east and west of Sugar House Park (see attached maps for illustration of parcels included in the agreement).

The Interlocal Cooperation Agreement will permit the County to build and maintain the Parley's Trail. The County is making similar agreements with other landowners, such as Sugar House Park Authority and will maintain the entire trail. This agreement is valid for fifty years from the date of execution. After fifty years, the agreement shall be renewed and or renegotiated. The trail easements remain in effect forever, but the construction easements shall terminate upon completion of the trail construction.

In anticipation of obtaining a favorable bid in the current construction market, the Administration requests that the Council consider adopting the resolution as soon as possible. Prior to drafting the Interlocal Cooperation Agreement, the County initially anticipated a shortfall in funds to complete the project. However, due to the economic impacts on the construction industry, the County anticipates the project has the potential to secure a bid 20 percent below the initial anticipated cost which will allow the County to complete the project within budget.

There is an additional agreement for Parley's Trail that is planned on a parcel of land the City is working to acquire from Woodbury Corporation known as Sugar House Draw. This parcel is not included as part of this Interlocal Cooperation Agreement. The Administration states once the Sugar House Draw is secured the Interlocal Cooperation Agreement and easement for site will be forwarded to the Council in the near future.

- The Draw portion which is the area of the trail west of 1300 East and connects to Hidden Hollow.

The County will also be working with the Redevelopment Agency (RDA) regarding a trail easement on the Wilmington property. The RDA will use its protocol for approval of this trail easement.

- A portion of the Wilmington Avenue property owned by the Redevelopment Agency.

DOCUMENT TYPE: Land Use Agreement with Salt Lake County for Parley's Trail Construction and Maintenance on Salt Lake City Property

RECOMMENDATION: Approve

BUDGET IMPACT: N/A

BACKGROUND/DISCUSSION:

PARLEY'S TRAIL LAND USE AGREEMENT

The interlocal, trail easement and construction easement agreements between Salt Lake County and Salt Lake City will allow for the construction and maintenance of the Parley's Trail on City Property including: Parley's Historic Nature Park, 1300 East street rights-of-way and a portion of Sugar House Park owned by Salt Lake City.

Sugar House Park Authority is also a signer on this agreement with the County to allow the development and maintenance of the trail in Sugar House Park on lands owned by the Park Authority.

Sugar House Draw Agreement – A separate interlocal agreement, preservation easement and construction easement has been developed for the Draw acquisition site. Similarly, this agreement defines the County as holding the trail easement and retaining responsibility for maintenance of site. This agreement will be brought to City Council in the near future.

ACQUISITION BACKGROUND

Salt Lake County Open Space Trust and Salt Lake City Open Space Lands Program are partnering to purchase a parcel critical for the planned connection of the PRATT Trail under 1300 East. The site is located on the west side of 1300 East between 2100 South and Wilmington Ave. This acquisition will provide egress for the connection between Sugar House Park and Hidden Hollow Park through what will be know as the Sugar House Draw. This will be a major point of interest on the Parley's Trail.

The purchase agreement between Salt Lake City Corporation and Woodbury is in final development. Previously, an additional appraisal had been ordered to determine the value of an access easements identified during title work for the acquisition. There is a perpetual easement on the acquisition site held by Craig Mecham, property owner to the south. Salt Lake County is taking the lead in negotiating the purchase of the access easement from Mecham as well as a construction easement.
