MATTERS AT ISSUE /POTENTIAL QUESTIONS FOR ADMINISTRATION:

BUDGET RELATED ITEMS

Potential budget impacts may include additional staffing and resource allocation to provide support for the Board.

OTHER ITEMS

- A. The Council may wish to discuss with the Administration whether it may be appropriate to adjust the proposed ordinance language to allow additional flexibility as to the number of meetings required for the Board. The proposed ordinance indicates the Board shall meet on an as needed basis, but not less than monthly. There may be times when the Board may not have any business but will be required by ordinance to hold a monthly meeting. Examples from other Boards are noted below.
 1. The Housing Trust Fund Advisory Board - convene for regular quarterly meetings to be held at least four (4) times each year. Additional meetings may be held as needed in order to conduct the business of the housing trust fund.
 2. Open Space Lands Advisory Board - meet on an as needed basis, but not less than six (6) times annually.

- B. The Council may wish to discuss with the Administration whether it may be appropriate to adjust the proposed ordinance language to allow additional flexibility as to the number of members that constitute a quorum such as a majority of the appointed members. The proposed ordinance indicates a majority of the voting members of the Board shall constitute a quorum for the purpose of conducting the business of the Board. There may be times when a majority of voting members may not be available for Board meetings which may unintentionally delay action on items due to the quorum restrictions in the ordinance.
- C. The Council may wish to discuss with the Administration whether it may be appropriate to coordinate definitions in the proposed ordinance with other sections of the City Code. For example:
1. The proposed ordinance defines ‘Park’ as areas defined by the Parks Division in a list that is updated and provided to the Board no less than annually and ‘Trails’ as marked or signed paths within City owned easements, maintained and used primarily for hiking, bicycling, or other non-motorized modes of transportation.
 2. The Zoning Ordinance defines a ‘Public Park’ as a park, playground, swimming pool, golf course or athletic field within the city which is under operation or management of the city's park department.
 3. The Open Space Lands ordinance definition of ‘Open Space Lands’ includes reference to small neighborhood parks and non-motorized trails.

“Open Space Lands” means a parcel of land in a predominantly open and undeveloped condition that is suitable for any of the following:

 - a. Natural areas;
 - b. Wildlife habitat;
 - c. Important wetlands or watershed lands;
 - d. Greenway or stream corridors;
 - e. Small neighborhood parks of the following, or similar, kinds:
 - A small, single purpose play lot designed or used primarily for non-organized, non-supervised activities;
 - A children's playground designed or used primarily for non-organized, non-supervised activities;
 - Seating areas designed or used primarily for non-organized, non-supervised activities;
 - Natural vegetation designed or used primarily for non-organized, non-supervised activities; A small open grass area designed or used primarily for non-organized, non-supervised activities; or
 - A community garden;
 - f. Trails for non-motorized recreational activities.
- D. The Council may wish to discuss with the Administration whether it may be appropriate to include the Chairs of the Historic Landmark Commission and Planning Commission as ex-officio non-voting members as an effort to provide as much consistency, coordination and interaction as possible between affected boards and commissions. The proposed ordinance provides for the following ex-officio non-voting members:
- a. Chair of the City Open Space Lands Advisory Board, or his/her designee;
 - b. Chair of the City’s Transportation Advisory Board, or his/her designee;

- c. Chair of the Community Development and Capital; Improvements Board or his/her designee; and
- d. Mayor or the Mayor's designees.

BACKGROUND/DISCUSSION:

Recent development proposals involving City owned parks have created concerns regarding the manner and process by which development can and should occur within City Parks.

After investigating this matter in community meetings and among City staff, it has been determined that the assistance of an advisory board for parks, trails and urban forestry would be useful to the City in evaluating proposals affecting such issues. This ordinance would create such an advisory board.
