

City Council Announcements

March 24, 2009

A. Information Needed by Council Staff

1. In December 2007, the City Council approved Mr. Ed Radford to the alternate position on the Board of Adjustment. At this time, there is a request to adjust Mr. Radford's position to a full-fledged member and begin his term again. **Would the Council be comfortable appointing Mr. Radford without an interview, as he was interviewed in December 2007 prior to his appointment as an alternate member?**
2. The Council Chair would like to propose a standard process for reviewing petitions given the Council's discussion at the retreat.
3. Provided the new process the Council utilizes to approve grant funding within the Consent Agenda, an outline of the grant applications is below. The details of each grant are also attached. If you have any objections, please speak with a member of staff.

Grant Reference Title	Grant Amount	Grant Program
YouthCity at Fairmont Park	\$33,000	Safe Passages II

- Provides _____ FTE Position(s)
- Existing New Overtime Requires Funding After Grant

Explanation: _____

- Match Required 0% In Kind (see below) Cash
- Computer Software Development In House Contract Services
- New Program (City not performing function now)

GRANT DETAILS:

- The grant application proposes to fund two-years of Phase I (planning, prioritizing, and consensus building) efforts of the Central-City Environmental Action Coalition of Salt Lake City.
- The purpose of the Central-City Environmental Action Coalition of Salt Lake City is to foster a process of sustained community engagement for central-city/west-side residents, businesses, local government and other partners to develop an understanding of local sources of risks from toxic pollutants and multi-media environmental concerns and to develop a set of community risks reduction priorities.
- If awarded, the grant request of \$95,052 will fund:
 - a) The City's costs for fiscal management of the federal funds;
 - b) Travel for the program manager, the Outreach Coordinator for the City's Division of Sustainability and the Environment, and a member of the Coalition to attend the annual national training workshops conducted by the EPA-CARE;
 - c) Contractual services from University Neighborhood Partners to facilitate community engagement activities; conduct community in-put gathering and assessment studies; assist with the dissemination of multi-media environmental education materials to central-city/west-side residents and businesses; gather and analyze community concerns for air, water, and land issues; and generate a Community Findings Report; and
 - d) Design and printing costs for the multi-media environmental education materials and consensus report of the Central-city Environmental Action Coalition.
- No matching funds are required by the EPA.
